# Contract Award Notification

Title: **Valves-Pump Check Valves & Replacement Parts Dezurik**

Contract Period: August 20, 2023 through August 19, 2024 with 4 one-year options,

Original Date of Issue: July 11, 2023

Date of Revision:

**BID No: RFB-RC-2023-048**

**Catalog: Wastewater**

Authorized Users: R.C. Sewer District #1, All Political Subdivisions

Address Inquires To:

Name: Raheela Akhter  
Title: Assistant Buyer  
Phone: 845-364-3813  
Fax: 845-364-3809  
E-mail: akhterr@co.rockland.ny.us

**Description**

This contract is to provide Dezurik pump check valves and replacement parts.

## PURCHASES BY OTHER

### LOCAL GOVERNMENTS, SCHOOL DISTRICTS, AND NON PROFIT AGENCIES

As per the New York State General Municipal Law, all political subdivisions of New York State are allowed to make purchases through the resulting contract(s). As per Rockland County Procurement Policy, Non Profit Agencies approved to participate in New York State's Contract Extension Program are authorized to make purchases through the resulting contract(s).

1. The County of Rockland must make all contract award information available to other political subdivisions and non profit agencies through our website: [www.rcpurchasing.com](http://www.rcpurchasing.com)
2. Any other political subdivision or Rockland County non profit agency will issue purchase orders directly to vendors within the specified contract period referencing the County's contract and must be liable for any payments due on such purchase orders; and must accept sole responsibility for any payment due.
3. All purchases must be subject to audit and inspection by the other political subdivisions and Rockland County non profit agencies for which the purchase was made.
4. No officer, board or agency of a county, town, village, or school district must make any purchase through the County when bids have been received for such purchase by such officer, board or agency, unless such purchase may be made upon the same terms, conditions and specifications at a lower price through the County.
5. All Bidders must be on notice that as a condition of the award of a County contract, the successful bidder must accept the award of a similar contract with any other political subdivision in New York State and Rockland County non profit agencies authorized to use New York State's contracts, if called upon to do so. A listing of approved Rockland County non profit agencies is available on the Purchasing Division's website at [www.rcpurchasing.com](http://www.rcpurchasing.com). The County, however, will not be responsible for any debts incurred by the participants pursuant to this or any other agreement.
6. Necessary deviations from the County's specifications in the award of a participant contract, whether such deviations relate to quantities, or delivery points must be resolved between the successful bidder and the other political subdivisions and Rockland County non profit agencies.

## **SPECIFICATIONS**

### 1. SCOPE

- 1.1. The scope of this bid is to secure firm prices for the duration on the contract to furnish and deliver pump check valves and check valve replacement parts Dezurik as specified.

### 2. DETAILED SPECIFICATIONS

- 2.1. All plug valves must be eccentric plug valves unless otherwise specified.

#### 2.2. Valves

- 2.2.1. Valves must be of the non-lubricated eccentric type with resilient faced plugs and must be furnished with end connections. Flanged valves must be faced and drilled to the ANSI 125/150 lb. standard. Mechanical joint ends must be to the AWWA Standard C111, grooved ends per AWWA C-606. Screwed ends must be to the NPT standard.

#### 2.3. Valves Body

- 2.3.1. Bodies must be of ASTM A126 Class B cast iron. Bodies in 4" and larger valves must be furnished with a 1/8" welded overlay seat of not less than 90% pure nickel. Seat area must be raised, with raised surface completely covered with weld to ensure that the plug face contacts only nickel. Screwed-in seats must not be acceptable.

#### 2.4. Plugs

- 2.4.1. Plugs must be of ASTM A126 Class B cast iron. The plug must have a cylindrical seating surface eccentrically offset from the center of the plug shaft. The interference between the plug face and body seat, with the plug in the closed position, must be externally adjustable in the field with the valve in the line under pressure. Plug must be Chloroprene (CR) or resilient facing suitable for application.

#### 2.5. Bearings

- 2.5.1. Bearings must have sleeve type metal bearings and must be of sintered, oil impregnated permanently lubricated type 316 ASTM A743 Grade CF8M in ½ - 36" sizes. In valves larger than 36", the upper and lower plug journals must be fitted with ASTM A-240 type 316 stainless sleeves with bearings of ASTM B30, Alloy C95400 aluminum bronze. Non-metallic bearings must not be acceptable.

#### 2.6. Shaft Seals

- 2.6.1. Shaft seals must be of the multiple V-ring type and must be externally adjustable and repackable without removing the actuator or bonnet from the valve under pressure. Valves utilizing O-ring seals or non-adjustable packing must not be acceptable.

#### 2.7. Pressure Ratings

- 2.7.1. Pressure ratings must be 175 psi (1210 kPa) on sizes ½ - 12" and 150 psi (1030 kPa) for 14 - 72" Every valve must be given a hydrostatic and seat test with test results being certified when

**COUNTY OF ROCKLAND - DGS-PURCHASING**  
 BLDG. A., 6TH FLOOR, 50 SANATORIUM RD, POMONA, NY 10970  
 TELEPHONE: 845-364-3820 / TELEFAX: 845-364-3809

**RFB #: RFB-RC-2023-048**

required by the specifications. Manual valves must have lever or gear actuators and tee wrenches, extension stems, floorstands, etc., as indicated on the plans. All valves 6" and larger must be equipped with gear actuators. All gearings must be enclosed in a cast iron housing and be suitable for running in a lubricant with seals provided on all shafts to prevent entry of dirt and water into the actuator. The actuator shaft and the quadrant must be supported on permanently lubricated bronze bearings.

## 2.8. Actuators

- 2.8.1. Actuators must clearly indicate valve position and an adjustable stop must be provided to set closing torque and to provide adjustment to compensate for change in pressure differential or flow direction change. All exposed nuts, bolts and washers must be zinc plated.
- 2.8.2. Valves and gear actuators for buried or submerged service must have seals on all shafts and gaskets on the valve and actuator covers to prevent the entry of water. Actuator mounting brackets for buried or submerged service must be totally enclosed and must have gasket seals. All exposed nuts, bolts, springs and washers must be stainless steel.
- 2.8.3. Power actuated valves must be furnished with (cylinder) (electric motor) actuators.
- 2.8.4. Cylinder actuators must be rack and gear type. Actuators must be sealed and must be suitable for running in a lubricant. The actuator must clearly indicate valve position and an adjustable stop must be provided to set closing torque. Cylinder actuators must be sized to operate with n/a psi cylinder pressure at a maximum valve shutoff pressure of n/a psi. Cylinder controls must include (4-way solenoid valve) (speed control valves) (pneumatic positioner) mounted on the valve. All exposed nuts, bolts and washers must be zinc plated.
- 2.8.5. G-Series cylinder actuators must be equipped with an operating nut to allow manual valve operation in case of supply failure.

## 3. REQUIREMENTS

- 3.1. Bidder must submit the Certificate of Experience form listing a minimum of 3 agencies currently utilizing the offered product.
- 3.2. All valves, actuators and replacement parts must be as manufactured by DeZURIK, Inc. or approved equal.
  - 3.2.1. APPROVED EQUAL OR EQUIVALENT ITEMS BRAND NAME
    - 3.2.1.1. The use of a brand name is for the purpose of describing the standard of quality, performance, and characteristics desired and are not intended to limit or restrict competition.
    - 3.2.1.2. Bidder must submit specifications, cut sheets, and brochure data with his bid if bidding on an equal or equivalent item. If bidders do not include required information on alternate items, bid will be rejected.
    - 3.2.1.3. Bids containing equal or equivalent product must contain a written side by side comparison to the DeZurik Inc, product. This analysis must be included with the bid submittal.

**COUNTY OF ROCKLAND - DGS-PURCHASING**  
 BLDG. A., 6TH FLOOR, 50 SANATORIUM RD, POMONA, NY 10970  
 TELEPHONE: 845-364-3820 / TELEFAX: 845-364-3809

**TITLE: Valves-Pump Check Valves & Replacement  
 Parts Dezurik**

**RFB #: RFB-RC-2023-048**

3.2.1.4. Bidder must submit a written affirmation that the product being offered meets or exceeds the specified product.

3.3. Bidder must indicate Mfg. and Product # on the proposal pages.

#### 4. **QUANTITIES**

4.1. The specified quantities are estimates. The County may purchase more or less than the quantities specified depending on the need of the Department.

#### 5. **PRICING**

5.1. **Pricing Submitted for itemized equipment identified on the proposal pages.**

5.1.1. Unit pricing must be provided for the items specified on the proposal pages. Unit pricing submitted for these items must be F.O.B. Destination.

5.2. **Pricing submitted in accordance with Item #36 on the proposal pages**

5.2.1. Pricing submitted under this item must be in a form of a percent discount from Mfg. current list pricing. Bidder must enter a % discount to be deducted from Mfg. current list pricing for any items not specifically specified. The % Discount offered must include F.O.B. Destination, freight prepaid and added. The seller pays the freight charges but may invoice the freight cost to the County. The seller owns the goods while they are in transit. Title passes to the County at the destination location upon acceptance after inspection.

5.2.2. Freight costs invoiced to the County under this line must contain proof of freight cost e.g. invoice from shipper etc.

5.2.3. Invoices/quotes submitted in accordance with the award of this item, must contain the Mfg. List Price less % discount and show net pricing.

#### 6. **AWARD**

6.1. This bid must be awarded to the lowest responsible responsive bidder meeting the stated requirements and specifications.

#### 7. **PRICE ADJUSTMENT**

County recognizes this product or service has a price component that may have a commodity with changing costs. The Contractor/Supplier may request a Price Adjustment no more frequently than once each Six (6-month period).

A Price Adjustment request must be made in writing and include the reason for the request, documentation supporting the request (ie, commodity increases), the current pricing, and the requested revised pricing.

The County will review the Price Adjustment request. If the Price Adjustment is deemed reasonable the Price Adjustment request will be accepted by written acknowledgement. If the request is not accepted the County may entirely reject the request or may counter with revised pricing. In either case the County will provide a written explanation in support of the decision.

Any alterations to this document made by the Offeror may be grounds for rejection of the proposal, cancellation of any subsequent award, or any legal remedies available to the County of Rockland.

**COUNTY OF ROCKLAND - DGS-PURCHASING**  
BLDG. A., 6TH FLOOR, 50 SANATORIUM RD, POMONA, NY 10970  
TELEPHONE: 845-364-3820 / TELEFAX: 845-364-3809

**TITLE: Valves-Pump Check Valves & Replacement  
Parts Dezurik**

**RFB #: RFB-RC-2023-048**

The Director of Purchasing may use available indexes (e.g. CPI or PPI) to determine if the requested Price Adjustment is reasonable. Typically, a Price Adjustment that exceeds 5% will not be approved unless very unusual and significant changes have occurred in the industry.

In the event industry costs decline, the County must have the right to receive, from the Contractor, a reasonable reduction in prices/pricing that reflect such cost changes in the industry. The County will make a written request to the Contractor for a Price Adjustment in writing with supporting documentation.
