PURCHASES BY OTHER

LOCAL GOVERNMENTS, SCHOOL DISTRICTS, AND NON PROFIT AGENCIES

As per the New York State General Municipal Law, all political subdivisions of New York State are allowed to make purchases through the resulting contract(s). As per Rockland County Procurement Policy, Non Profit Agencies approved to participate in New York State's Contract Extension Program are authorized to make purchases through the resulting contract(s).

1. The County of Rockland shall make all contract award information available to other political subdivisions and non profit agencies through our website: www.rcpurchasing.com
2. Any other political subdivision or Rockland County non profit agency will issue purchase orders directly to vendors within the specified contract period referencing the County's contract and shall be liable for any payments due on such purchase orders; and shall accept sole responsibility for any payment due.
3. All purchases shall be subject to audit and inspection by the other political subdivisions and Rockland County non profit agencies for which the purchase was made.
4. No officer, board or agency of a county, town, village, or school district shall make any purchase through the County when bids have been received for such purchase by such officer, board or agency, unless such purchase may be made upon the same terms, conditions and specifications at a lower price through the County.
5. All Bidders shall be on notice that as a condition of the award of a County contract, the successful bidder shall accept the award of a similar contract with any other political subdivision in New York State and Rockland County non profit agencies authorized to use New York State's contracts, if called upon to do so. A listing of approved Rockland County non profit agencies is available on the Purchasing Division's website at www.rcpurchasing.com. The County, however, will not be responsible for any debts incurred by the participants pursuant to this or any other agreement.
6. Necessary deviations from the County's specifications in the award of a participant contract, whether such deviations relate to quantities, or delivery points shall be resolved between the successful bidder and the other political subdivisions and Rockland County non profit agencies.

SPECIFICATIONS

1. SCOPE OF WORK

- 1.1. Contractor shall provide all labor and materials as specified herein to perform insect and rodent control for various locations of Rockland County government buildings as described in §2 below. It is the intent of this contract to provide a comprehensive Integrated Pest Management (IPM) program for the premises listed herein. To be eligible to respond to this bid, the bidder shall demonstrate that they or the principals assigned to this bid have successfully completed services, similar to those specified. Bidders shall be normally and routinely engaged in performing these services. Bidder shall also be licensed to perform such work.
- 1.2. The contractor shall furnish all labor, materials, and equipment to implement the surveillance, trapping, and pesticide application aspects of the IPM program. The contractor shall make detailed, site-specific recommendations for structural and procedural modifications to achieve pest suppression. The contractor shall provide evidence in his/her proposal of sufficient expertise (§5) in pest biology and behavior, and IPM principles and practices to effectively carry out these responsibilities.
- 1.3. All premises indicated shall be controlled and maintained to be essentially free of insects and rodents to a degree acceptable to the County of Rockland's Director of Facilities Management, and the New York State Department of Health. "Essentially free" shall be defined as having no significant evidence of insects or rodents in previously treated areas.
- 1.4. Contractors shall remove nuisance wildlife as directed by the authorized County of Rockland representative.
- 1.5. Rockland County has historically purchased approximately \$90,000.00 annually on this contract.

2. AREAS COVERED

- 2.1. Dr. Robert L. Yeager Health Center, Pomona – Contact Robert H. Gruffi, P.E., Director, Facilities Management at 845-364-2958. **Please take notice that the frequency of treatment has changed in some areas from previous contracts.**

5. QUALIFICATIONS

- 5.1. All contractors shall be presently registered and maintain a current Pesticide Business Registration License with the N.Y.S. Dept. of Environmental Conservation. A copy of the business license shall be submitted with the bid. Additionally, copies of each certified applicator’s pesticide license shall be included with this bid. All technicians shall possess current certification in the appropriate pest/rodent control application categories. All technicians shall have possessed such certification for at least one year of recent full-time paid experience while performing professional / commercial pest control treatments. Technicians’ certifications must also be included with bid. Please note that contractor shall be a NYS Certified Applicator in the categories of 7A Structural and Rodent and 7F Food Processing at time of bidding. Contractor shall possess a valid NYS nuisance wildlife control license number.
- 5.2. At all time’s there must be at least two technicians and one supervisor who are familiar with the methods used and areas to be treated under this specification. No new workers shall be allowed to service a location without prior instruction and orientation from successful contractor’s supervisor.
- 5.3. Pest control technicians assigned to County of Rockland facilities by the contractor must possess the following minimum qualifications and experience:
 - 5.3.1. Good knowledge of problem pests and methods of reducing or eliminating food and harborage of same, and the proper and safe use of least toxic pesticides.
 - 5.3.2. Possess NYS certification in the Industrial, Institutional and Structural categories 7A, 7C, 7F; 8-Public Health.
 - 5.3.3. The technician that is applying an application **must** have the certification required for the particular application they are performing.
- 5.4. The contractor shall provide, under this contract, only qualified pest management personnel with adequate experience in the conduct of IPM programs. All on-site personnel must understand current practices in this field and be able to make judgments regarding IPM techniques.
- 5.5. Any substitutions, additions, or replacement of personnel from those cited in the contractor’s original proposal must be submitted to the facility management or authorized representative.
- 5.6. Successful contractor shall have the services of a licensed entomologist available to them to answer questions, which may arise.
- 5.7. Successful contractor’s main office shall have a branch office located within the New York metropolitan area.

6. CONTRACT PERIOD

- 6.1. The contract period shall be for one year with an option to renew for four (4) additional one (1) year terms.

7. PERSONNEL

- 7.1. An on-site supervisor and an alternate must be identified in the bid. The supervisor shall be the contractor’s authority to act on matters pertaining to the performance of services required under the contract. This individual shall assure safety and carry out coordination and continuity of the program routine. The supervisor and alternate shall both have a working knowledge of this contract and the detailed Pest Management Plan and schedule for each building. The supervisor and alternate must both meet the qualifications identified below under “Pest Management Technicians”.
- 7.2. The contractor shall provide, in the proposal, the names of all pest management personnel / technicians assigned to this contract, and pertinent information regarding their qualifications, experience and training. Throughout the life of this contract all personnel providing on-site pest management services must be certified in appropriate jurisdictions as commercial pesticide applicators in the category of industrial, institutional, structural, and health related pest control. No uncertified personnel shall be permitted to work on site under this contract.
- 7.3. The contractor and pest control personnel shall maintain the highest standards of conduct and integrity while on facility premises.
- 7.4. Pest control technicians shall wear a distinct uniform with the company’s name displayed and present a clean, neat and professional appearance. Technicians shall also have an identification photo.
- 7.5. The contractor’s personnel shall wear proper company identification when servicing the facilities.
- 7.6. The contractor shall supply and ensure that each service technician assigned to these facilities maintains the necessary and required equipment for the safe use and application of pesticides if same are required by conditions.

8. CHEMICALS TO BE USED

- 8.1. All chemicals and methods of applications used, shall meet the requirements of the New York State Dept. of Environmental Conservation and other authorities having jurisdiction for health care use.
- 8.2. Contractor shall use Whitmire chemical products or an approved equal to perform his work. A list of all chemicals to be used during the contract period, including copies of the MSDS for each chemical shall be submitted for approval to the Director of Facilities Management before use. A complete catalog of Material Safety Data Sheets, product literature and labels shall be provided by the contractor to the contact person at each location upon award of contract and maintain current during term of contract.
- 8.3. Boric acid paste, as manufactured by Blue Diamond Co., or equal, shall be used where applicable.
- 8.4. Bait, glue boards and other approved methods shall be used for rodent control.
- 8.5. Any other type of insect (except termites) rodent or pest (except birds) common to the structures or areas being served are automatically included in this specification.
- 8.6. Sticky traps shall be used as required in all buildings to monitor degree of infestation and treatment effectiveness.
- 8.7. The contractor shall not apply any pesticide, which has not been specifically approved by the user agency.

9. PESTICIDE PRODUCTS AND USE

- 9.1. The contractor shall be responsible for the safe use of pesticides. All pesticides used by the contractor must be registered with the EPA and appropriate State and/or local jurisdiction. Transport, handling, and use of all pesticides shall be in strict accordance with the manufacturer’s label instructions and all applicable Federal, State, and local laws and regulations. The environment and the public shall be protected at all times.

10. CHEMICAL CONTROLS

10.1. Since this is an IPM contract, chemical controls shall be used primarily as a last resort and only after approval by the user agency representative on a case-by-case basis. When chemical controls are utilized, the following conditions shall be applicable.

- 10.1.1. The user agency shall receive from the contractor or its technicians such samples of chemicals and materials for laboratory analysis as it may require.
- 10.1.2. Success in pest control is largely determined by the skill of the pest control technician and the cooperation received from all concerned and involved in a particular pest problem. In cases where it has been determined that a particular chemical in use at these facilities has, indeed, lost its effectiveness due (i.e., to a resultant increase in resistance in the target pest population) the contractor shall replace such ineffective chemicals with more effective ones.
- 10.1.3. Upon award of this contract, the contractor shall provide to the user agency representative, his safety officer or other designate, the following safety and technical data for chemicals to be used in these facilities:
 - 10.1.3.1. A list of chemicals including trade name and name of active and inert (including carriers and propellants) ingredients chemicals and their respective chemical classifications (i.e., organophosphate, chlorinated hydrocarbons, etc.). Note: Chemicals, where necessary, shall be restricted to non-persistent chemicals that are least harmful to people and the environment.
 - 10.1.3.1.1. Material Safety Data Sheets for each chemical.
 - 10.1.3.1.2. Copies or sample labels for each chemical.
 - 10.1.3.1.3. Antidote data where applicable, including a copy of a standard quick reference chart.
 - 10.1.3.1.4. A list of poison control centers and respective telephone numbers as they may apply to the geographic areas in which these facilities described herein are located.
 - 10.1.3.1.5. All chemical controls shall be applied at night or on weekends, and the contractor shall cooperate with the user agency representative to properly ventilate, where necessary, the premises before tenants occupy the building.

**TITLE: PEST CONTROL SERVICES
INSECT AND RODENT CONTROL**

**BID NUMBER:
RFB-RC-2024-121**

10.1.3.1.6. Contractor shall cooperate with the user agency representative to place proper public notices or otherwise inform building occupants when chemical controls will be applied, what controls will be applied, etc.

11. TREATMENT APPLICATION

11.1. The attached list titled "Treatment Schedules" indicates the major areas to be treated, and the minimum frequency of their treatment.

12. WORK SHEET

12.1. At the time of each schedule service, contractor shall receive a list of problem areas as reported by building occupants for his use. The list will be maintained at a location designated by the contract person for each location.

13. WORK SCHEDULING

- 13.1. Dr. Robert L. Yeager Health Center - Prior to bidding, contractor shall meet with the contact person to review the fixed schedule of weekly treatment. Treatment shall be provided on Monday through Friday from 10:00 am to 3:00 pm.
- 13.2. The Bldg. C 3rd Floor resident rooms shall be treated once per month, as scheduled, or as required. The degree and type of treatment required shall be based on and coordinated with the monthly inspection as detailed under Section 22.
- 13.3. Kitchens and kitchenettes in general shall be treated as scheduled, or as required by the Director of Facilities Management.
- 13.4. Contractor shall meet with the contact person for each contract location to determine the fixed schedule of weekly treatment for the minimum amount of man hours required. Treatment schedules can be modified to meet the needs of the County.

14. CLEANOUT TREATMENTS

- 14.1. All areas covered under this contract may at times require a complete fogging cleanout treatment during the term of the contract, as indicated by field inspection. Any of these cleanout treatments required shall be performed as necessary and at no additional charge to the contract price. Cleanout treatments shall be by injection fogging, not spray space fogging.
- 14.2. When required, kitchen cleanouts at all locations shall include, but not be limited to, the following:
 - 14.2.1. Flushing and treating all kitchen equipment and electrical panels.
 - 14.2.2. Applying residual insecticide to baseboards and ceiling perimeter.
 - 14.2.3. Injection fogging.
 - 14.2.4. Follow up with sticky traps to determine effectiveness of treatment.
- 14.3. When required, any office space cleanout at the Dr. Robert L. Yeager Health Center shall include, but not be limited to, the following:
 - 14.3.1. Application of Boric acid paste where necessary.
 - 14.3.2. Residual and crack and crevice treatment of baseboards, bedside table, dressers, wardrobes, sinks and fan coil unit.
 - 14.3.3. Dusting with boric acid powder, where indicated.
 - 14.3.4. Use of Injection fogging.
- 14.4. Cleanouts shall be performed in addition to the normally scheduled weekly treatments, at no additional contract cost.

15. CALL IN

15.1. In the event that an emergency treatment is needed, contractor's technicians shall respond during normal working hours, within twenty-four (24) hours after request is made. This shall be at no additional charge to contract price.

INSECT AND RODENT CONTROL**

**BID NUMBER:
RFB-RC-2024-121**

16. RECORD KEEPING

- 16.1. The contractor shall be responsible for maintaining a complete and accurate Pest Management log. Each building that is serviced under this contract shall have its own logbook, which will be kept in the user agency designated office and maintained on each visit by the contractor. The log shall contain the following items:
 - 16.1.1. A copy of the Pest Management Plan and service schedule for the building.
 - 16.1.2. A copy of the current label and EPA registration number for each pesticide used in the building, including the Material Safety Data Sheet. Pesticide labels are normally interpreted as including in-depth safety and use documentation.
 - 16.1.3. Pest surveillance data sheets which record, in a systematic fashion, the number of pests or other indicators of pest population levels revealed by the contractor’s monitoring program for the building. For example, number and location of cockroaches trapped by zone monitors, number and location of rodents trapped or carcasses removed, number and location of new rat burrows observed, degree of feeding in rodent bait stations, etc. The contractor shall provide with their bid, a sample of the format for their report form and an explanation of all information to be recorded on the form. Any alternative form provided by the contractor must be approved by the user agency.
 - 16.1.4. The location of all traps, trapping devices, and bait stations in or around the premises. This information can be in either tabular, list, or map format.
 - 16.1.5. The user agency’s work order or other requests to service log form. These forms will be supplied to the contractor by the user agency and will be used to advise the contractor of routine service requests and to document the performance of all work. Upon completion of a service visit to the building, the contractor’s representative performing the service shall complete, sign and date the log, and return it to the user agency’s office on the same or succeeding day of the performance of the service.
 - 16.1.6. The contractor’s Service Report form, documenting arrival and departure time of the contractor’s representative performing the service, and all information on pesticide application required by statute. These report forms may incorporate some or all of the past surveillance data required in item 16.1.3 above.

17. INSPECTION

- 17.1. Throughout the duration of this contract, the premises covered will be inspected periodically by User agency staff to determine the effectiveness of the program and contractor compliance with the contract. Inspection results will be documented in writing. The contractor shall promptly initiate actions to correct all deficiencies found.
- 17.2. It shall be the contractor’s responsibility to furnish an adequate supply of materials necessary for User Agency personnel to inspect the interior of all rodent bait stations. These materials may include Allen wrenches to loosen and retighten fasteners, keys to open locks, or replacement self-locking plastic ties. Implements to cut plastic ties or seals are not included under this provision.

18. INSURANCE

18.1. **Review the requirements as our required coverage and limits have been revised from the previous contract.**

19. CANCELLATION

19.1. Contract may be canceled by either party with thirty (30) days written notice. However, the contract may be terminated by the County of Rockland immediately for cause.

20. CONTRACT PRICE ADJUSTMENTS UPON RENEWAL

20.1. The proposed rates shall remain firm through the first contract period with no wage adjustments allowed. If the County exercises any of the option years of the contract, Contractor may submit a request for adjustment on the yearly anniversary date of the contract. Any request for price adjustment(s) shall be submitted thirty (30) days in advance in writing to the Director of Purchasing. Any and all price adjustments will be limited to the percentage increase in the CPI Index – All Urban Consumers for the preceding 12 months. The County reserves the right to reject any request for price increase deemed excessive.

ADDENDUM #5
RFB-RC-2024-121 – Pest Control Services – Insect and Rodent Control

The information in this addendum supersedes any contradictory information set forth in the contract documents. Acknowledge receipt of this addendum in the space provided on the signature page of the bid proposal. Failure to do so, may subject the bidder to disqualification. This addendum forms a part of the contract documents.

Question 1

Please clarify: AMOUNT OF SERVICE 4.1. Contractor shall provide the following minimum of service per week to perform the work specified herein. If it is found during the contract period that amount of time is insufficient to properly maintain a level of service as specified in §1, Contractor shall provide additional manpower within twenty-four hours as required to meet this level of service. This additional manpower shall be provided at no additional cost to the County or change in the contract price.

Response 1

The contractor must meet the minimum requirement as specified. However, if additional hours are needed to complete the work, it is the contractor's responsibility to ensure that the associated cost is included in their bid.

Question 2

Please clarify: 1.4. Contractors shall remove nuisance wildlife as directed by the authorized County of Rockland representative.

Response 2

The contractor may be required at the County's request to remove wildlife as needed.

Question 3

Please clarify: 1.5. Rockland County has historically purchased approximately \$90,000.00 annually on this contract.

Response 3

The amount stated is an approximate amount that covers a three (3) year period.

Question 4

Please clarify: Commodity Code Title Description NIGP 96872 - Snow and Ice Removal Services

Response 4

The correct Commodity Code is 91059 – Pest Control Services, Termite Inspection and Control.

Question 5

The schedule doesn't match the RFB, what are we to follow?

Response 5

The cost should be stated based on the requirements outlined in the Treatment Schedule.

Question 6

It states min weekly hours. When added up it comes to 38 hours so basically 1 full time person for a full year. When you use the current prevailing wage rate the cost will be more than double what the current contract is.

Response 6

Page 9, Item #4. The heading should be Minimum Time Per Service. Not all locations require weekly service. The frequency is outlined in the Treatment Schedule.

ADDENDUM # 2

RFB-RC-2024-121 – Pest Control Services – Insect and Rodent Control

The information in this addendum supersedes any contradictory information set forth in the contract documents. Acknowledge receipt of this addendum in the space provided on the signature page of the bid proposal. Failure to do so, may subject the bidder to disqualification. This addendum forms a part of the contract documents.

Question 1

How much of the contract may be subcontract?

Response 1

There is no provision to subcontract this work. An employee of your firm must be certified to undertake the task assigned.

Question 2

Who is the current vendor?

Response 2

The current provider is Sure Shot Termite & Pest Control Inc.

Question 3

What are their current rates?

Response 3

See attached Rate Sheet

Question 4

May the subcontractor hold the license?

Response 4

There is no provision to subcontract this work. Please see sections 5 & 7 of the RFB.
