#### 4. MINIMUM SPECIFICATIONS

- 4.1. Bidder must complete the Minimum Specifications pages.
- 4.2. Incomplete information may result in Bidder being deemed non-responsive.
- 4.3. Bid pricing shall have delivery included.

#### 5. BRAND NAME

- 5.1. The use of a brand name is for the purpose of describing a standard of quality, performance, and characteristics desired and is not intended to limit or restrict competition.

#### 6. PRICE ADJUSTMENT

- 6.1. The County recognizes this product or service has a price component that may have a commodity with changing costs. The Contractor/Supplier may request a Price Adjustment no more frequently than once each quarter (3-month period).

A Price Adjustment request must be made in writing and include the reason for the request, documentation supporting the request (ie, commodity increases), the current pricing, and the requested revised pricing.

The County will review the Price Adjustment request. If the Price Adjustment is deemed reasonable the Price Adjustment request will be accepted by written acknowledgement. If the request is not accepted the County may entirely reject the request or may counter with revised pricing. In either case the County will provide a written explanation in support of the decision.

The Director of Purchasing may use available indexes (e.g. CPI or PPI) to determine if the requested Price Adjustment is reasonable. Typically, a Price Adjustment that exceeds 5% will not be approved unless very unusual and significant changes have occurred in the industry.

In the event industry costs decline, the County shall have the right to receive, from the Contractor, a reasonable reduction in prices/pricing that reflect such cost changes in the industry. The County will make a written request to the Contractor for a Price Adjustment in writing with supporting documentation.
