PURCHASES BY OTHER

LOCAL GOVERNMENTS, SCHOOL DISTRICTS, AND NON-PROFIT AGENCIES

As per the New York State General Municipal Law, all political subdivisions of New York State are allowed to make purchases through the resulting contract(s). As per Rockland County Procurement Policy, Non-Profit Agencies approved to participate in New York State's Contract Extension Program are authorized to make purchases through the resulting contract(s).

1. The County of Rockland shall make all contract award information available to other political subdivisions and non-profit agencies through our website: www.rcpurchasing.com
2. Any other political subdivision or Rockland County non-profit agency will issue purchase orders directly to vendors within the specified contract period referencing the County's contract and shall be liable for any payments due on such purchase orders; and shall accept sole responsibility for any payment due.
3. All purchases shall be subject to audit and inspection by the other political subdivisions and Rockland County non-profit agencies for which the purchase was made.
4. No officer, board or agency of a county, town, village, or school district shall make any purchase through the County when bids have been received for such purchase by such officer, board or agency, unless such purchase may be made upon the same terms, conditions and specifications at a lower price through the County.
5. All Bidders shall be on notice that as a condition of the award of a County contract, the successful bidder shall accept the award of a similar contract with any other political subdivision in New York State and Rockland County non-profit agencies authorized to use New York State's contracts, if called upon to do so. A listing of approved Rockland County non-profit agencies is available on the Purchasing Division's website at www.rcpurchasing.com. The County, however, will not be responsible for any debts incurred by the participants pursuant to this or any other agreement.
6. Necessary deviations from the County's specifications in the award of a participant contract, whether such deviations relate to quantities, or delivery points shall be resolved between the successful bidder and the other political subdivisions and Rockland County non-profit agencies.

1. SCOPE OF WORK

- 1.1. The County of Rockland requires the services of an asbestos abatement contractor fully licensed by the State of New York Department of Health to perform asbestos abatement and disposal at various government locations on an “as needed” basis. All bids shall contain copies of all licenses and certifications required by the State of New York to abate, remove and dispose of asbestos-containing materials, including, but not limited to Asbestos Abatement Contractor, Asbestos Worker, Asbestos Supervisor and Asbestos Transporter.
- 1.2. Successful Contractors shall meet all applicable requirements of federal, state and local entities regarding the handling, encapsulation or enclosure and disposal of asbestos-containing materials. Contractor shall not interfere with any daily on-going building operations in areas that are scheduled for abatement. All deliveries, storage of materials and location of asbestos hauling container shall be coordinated with the County. Contractor shall confine his apparatus, the storage of materials and operation of his staff to limits established by law, ordinances, permits or directions of the County and/or consultant.
- 1.3. Successful Contractors shall be able to work on an “on-call” basis around the clock and shall be able to respond to any request for services within two hours from initial notification.
- 1.4. In the event the Contractor is not licensed by the State of New York Department of Health to transport asbestos-containing materials, transportation services may be subcontracted to a transporter with a valid State of New York Department of Health Asbestos Transporter license, subject to approval by the Director of Facilities Management or other authorized using County Agency.
- 1.5. All Contractors shall submit a list of five asbestos abatement projects completed within the last 3 years for which they are designated Primary Contractor. The names of contact persons with telephone numbers shall be included along with dollar amount and project description of project.
- 1.6. All Contractors are subject to a background search for any violations of State of New York, Department of Health, regulations regarding the handling and disposal of asbestos-containing materials. Evidence of previous violations of State of New York, Department of Health regulations may result in disqualification.
- 1.7. All Contractors shall include in their bid all labor, personnel, materials, tools, equipment, services and incidentals necessary for the completion of project tasks.
- 1.8. Prices, as bid, shall include complete set-up, removal, disposal, variance applications, equipment, and overhead.
- 1.9. **Contractor must submit with bid, samples of typical daily logs from previous projects of similar scope and size.**

RFB-RC-2025-118

2. QUALIFICATIONS OF CONTRACTORS

- 2.1. The bidder shall show that he has available under his direct employment and supervision the necessary organization and facilities to properly fulfill all the services and conditions required under these specifications.
- 2.2. The contractor shall show that he has maintained an organization capable of performing the work specified herein, and that said organization has been in continuous operation for at least the past five years. Contractor shall submit the following information with bid:
 - 2.2.1. Years of operation.
 - 2.2.2. The names of the employees in the area responsible for this contract, their function in the company, title, and number of years of service with the contractor's firm.
 - 2.2.3. The present address of the main operating office of this organization.
 - 2.2.4. Documentation indicating technical personnel experience (5 year minimum).

3. CONTRACT SPECIFICATIONS

- 3.1. All workers and supervisors shall be certified by the State of New York, Department of Health for asbestos abatement work. Copies of certification shall be furnished to the Director of Facilities Management or other authorized using County Agency before any work commences. It is the responsibility of the Contractor to assure that all certifications are current and valid.
- 3.2. The County of Rockland currently has a contract in place for an Environmental / Asbestos Consultant including sample testing and monitoring. This Consultant, along with the Director of Facilities Management or other authorized using County Agency shall coordinate the County's work scopes and oversee all projects. This Consultant, commissioned to represent the County in writing project specifications, coordinating projects and administering instructions to the Contractor with respect to the meaning and implementation of all contract documents and projects and its decision shall be binding and final unless overruled by the County.
- 3.3. Awarded Contractor shall be responsible for filing for all federal, state and local agency permits including all necessary variance applications and filing fees (certified mail return receipt). Contractor shall provide copies of return receipts, checks and filings to authorized County representative and County Asbestos Consultant. Contractor shall receive written approval from the County Asbestos Consultant prior to the start of any work.
- 3.4. Nightly, Contractor shall remove all materials unless the County of Rockland agrees to store on site in a properly marked container at a designated site away from building.
- 3.5. The Contractor shall provide, at his own expense, all electrical, water, and waste connections, tie-ins, extensions, construction materials, and supplies necessary for each project. All connections shall be approved in advance by the County and all work relative to the utilities shall be in accordance with the applicable NYS Building Codes. All water connections shall include reduced pressure backflow protection or double check and double gate valves. All water shall be shut off at the end of each shift. Contractor shall ensure that all applicable electrical usage is in compliance with all County, UL and NFPA guidelines. Contractor shall be responsible for all electrical and plumbing connections by a Rockland County licensed electrician or plumber.

- 3.6. A request for services shall be made to the Contractor by the Director of Facilities Management or authorized using County Agency for every project. The following general procedures shall apply for most projects:
- 3.6.1. The Director of Facilities Management or other authorized using County Agency, along with the County Environmental Consultant, shall provide written project work scope to the Contractor for review.
 - 3.6.2. After reviewing work scope, The Director of Facilities Management or other authorized using County Agency, along with the County Environmental Consultant, shall meet with the Contractor at the project location to review project assignments and conduct a walkthrough inspection.
 - 3.6.3. The Contractor shall submit a project work plan and cost proposal to the Director of Facilities Management or authorized using County Agency based on the unit prices contained in this bid with a copy supplied to the Purchasing Department.
 - 3.6.3.1. The Contractors cost proposal must contain the permit fee.
 - 3.6.4. The Director of Facilities Management or authorized using County Agency shall upon review and acceptance of the Contractor's work plan and proposal, generate a purchase order or contract authorizing work to begin.
 - 3.6.5. The work plan shall take into consideration the workers, visitors, building employees, general public and the environment.
 - 3.6.6. Note: Except when an emergency response is required (see below), no work may begin without the issuance of a purchase order or contract. Invoices for work performed without the issuance of a purchase order or contract may not be honored by the County.
 - 3.6.7. The Contractor shall submit a project close-out report containing, but not limited to, a project summary, project logs, a listing of project workers with copies of certifications, copies of waste manifests and other pertinent documentation to the Director of Facilities Management or authorized using County Agency upon project completion. The Contractor shall also maintain copies of waste manifests and provide those to the Director of Facilities Management or authorized using County Agency upon request.
- 3.7. The Contractor shall be available to work at any time, including nights, weekends, holidays and on an on-call basis around the clock if needed, to mitigate potential asbestos exposure to building occupants or users. No premium shall be paid for work performed after regular business hours (8:00 AM – 5:00 PM).
- 3.8. The Contractor shall submit a listing of emergency contact numbers to the Director of Facilities Management or authorized using County Agency upon award. No answering service numbers are permitted. It is the Contractor's responsibility to maintain the accuracy of the listing and submit changes as they occur to the Director of Facilities Management or authorized using County Agency.
- 3.9. For projects where emergency response is required: The maximum response time shall not exceed two hours from time of initial notification, The Contractor shall receive an authorization to proceed from the Director of Facilities Management or authorized using County Agency, or from the Director of Purchasing.

- 3.9.1. The Contractor shall submit a cost estimate, based on the unit pricing contained in this contract within two (2) business days of initial notification.
- 3.10. All project proposals shall contain a proposed budget and schedule for completion. The proposed budget and completion schedule shall be reviewed and approved by the Director of Facilities Management or authorized using County Agency prior to the issuance of a purchase order or contract. Failure to adhere to the project schedule may result in the Contractor being liable for additional costs, such as those for third party abatement monitoring that may be incurred by the County to complete the project.
- 3.11. Contractor shall provide, erect, and maintain all planking, shoring, barricades, and warning signs (bi-lingual).
- 3.12. A licensed Professional Engineer in the State of New York shall certify any scaffolding that exceeds six (6) feet in height above the ground is safe and is in compliance with OSHA standards, at no additional cost to the County.
- 3.13. Award of this contract does not prevent the County of Rockland from obtaining the services of another asbestos abatement firm for any other project if the County so desires.
- 3.14. The Contractor is responsible for any damages to any property, County owned or otherwise, that is a result of Contractor negligence while asbestos abatement is in progress. If the Contractor fails to make repairs or replace damaged materials, as necessary, the County shall deduct the amount of any damages from the Contractor's payment.
- 3.15. It is the responsibility of the Contractor to ensure that neither County employees nor the public are exposed to possible hazardous conditions during any project. The Contractor shall ensure that all containment equipment and exposure safeguards are installed and functioning properly at all times.
- 3.16. The contractor shall abide by all federal, state and local regulations during every project. Those include but are not limited to New York Asbestos Health Protection Rules and any regulations established by the Occupational Safety and Health Administration (OSHA) and Environmental Protection Agency (EPA) Code Rule 56.
- 3.17. The County of Rockland shall provide air monitoring for every project through the County's designated Asbestos Consultant, ATC Group Services, prior to abatement and included in the project closeout documentation. If a negative exposure assessment is conducted, it shall be submitted for review to the Director of Facilities Management. The Director of Facilities Management or authorized using County Agency with the County's designated Asbestos Consultant shall conduct project baseline, area and clearance air sampling as required by the specific project. Contractor shall submit a written respiratory protection program to the Consultant.
- 3.18. The Contractor shall employ the most cost-effective method of transportation and disposal of asbestos waste. The Contractor shall provide documentation pursuant to this item upon request by the Director of Facilities Management or authorized using County Agency. Transporter shall travel directly to the disposal site with no unauthorized stops. Transporter shall not have any off-site transfers of the waste or allow the waste to be combined or transported with any other off-site asbestos material.

BID NUMBER:
RFB-RC-2025-118

11.2. Contractor shall maintain the work site in a clean and orderly fashion.

12. USE OF PREMISES

- 12.1. On or about the premises and adjacent areas, the Contractor shall ensure that all apparatus, storage of materials, and activities of workmen be confined to the limits indicated by law, ordinances, permits and the direction of the authorized County of Rockland representative, and shall not encumber or permit the premises or adjacent areas to be encumbered with such materials or apparatus.
- 12.2. The work site shall be kept in an orderly and safe fashion so as not to interfere with the progress of the work or the work of any other Contractor.
- 12.3. The Contractor shall be responsible for repairing and replacing anything damaged by his operations, within thirty (30) days after notification by the authorized County of Rockland representative that damage has occurred.
- 12.4. It shall be the responsibility of the Contractor to report, to the authorized County of Rockland representative, any damages found prior to any work at this site.

13. CLEANING UP

- 13.1. The Contractor shall always keep the premises and adjacent areas free from accumulations of waste material or rubbish. At the completion of the work, he/she shall remove from and about the premises, including adjacent areas, all rubbish, tools and surplus materials used for work and shall have the area "Broom Clean" and ready for use.
- 13.2. In case of a dispute, County of Rockland may remove rubbish and clean up, then may charge the Contractor either by deduction of amounts unpaid to the Contractor, or by other means as determined to be fair and equitable by the authorized County of Rockland representative.

14. UNIT PRICING

- 14.1. All items as listed on the proposal shall be completely filled out. All items indicated on the proposal pages shall include all labor, materials, and equipment to properly perform the tasks indicated for each project. This includes, but is not limited to, preparation of written notification for signature by the designated County Asbestos Consultant for submittal to federal, state or local regulatory agencies, providing verbal notifications to those agencies are required, and preparation of reports, all close out documentation and/or other documents requested by the Director of Facilities Management or authorized using County Agency.
 - 14.1.1. Prices bid for items 1-24 shall include HEPA vacuuming/wet wiping.
- 14.2. Contractor shall pay for all necessary filing and permit fees. These fees will be reimbursed by the County of Rockland with no mark-up. Copies of payment receipts must be included with your invoice.
- 14.3. Contractor shall bid mobilization charges based on project size. Only one charge will be allowed per project.
- 14.4. Contractor shall bid a price for a decontamination and storage enclosure. All other enclosures shall be included in the square foot pricing.

BID NUMBER:
RFB-RC-2025-118

14.5. Contractor shall include on a separate page with their bid submittal, any other items not individually listed on the Proposal Pages that the Contractor wishes to be considered. Only items included at time of bid submittal shall be considered for contract.

15. INSPECTION & TERMINATION OF CONTRACT

15.1. The quality of maintenance service shall be subject to inspection by the Director of Facilities Management or his designee at any time. Should it be found that the quality of the service being performed is not satisfactory, and that the requirements of the specifications are not being met, the Director of Purchasing or their designee, may terminate the contract, giving 30 days prior written notice.

16. AMENDMENTS TO BID

16.1. Any verbal information obtained from, or statements made by the Representative of the County of Rockland or his designee at the time of examination of the documents or site shall not be construed as, in any way, amending Contract documents. Only such corrections or addenda as issued by the Director of Purchasing in writing shall become a part of the Contract.

16.2. Any addendum issued during the time of bidding shall be included in bids and become a part of the Contract Agreement.

17. LENGTH OF CONTRACT

17.1. The contract shall remain in effect for one year from date of award with three (3) additional one-year options.

18. CONTRACT PRICE ADJUSTMENTS UPON RENEWAL

18.1. The proposed rates shall remain firm for the first year of the contract period with no wage adjustments allowed. If the County exercises any of the option years of the contract, Contractors may submit a request for adjustment on the yearly anniversary date of the contract. Any request for price adjustment(s) shall be submitted thirty (30) days in advance in writing to the Director of Purchasing. Any and all price adjustments will be limited to the percentage increase in the CPI Index – All Urban Consumers for the preceding 12 months. The County reserves the right to reject any request for price increase deemed excessive.

19. AWARD

19.1. Award shall be made to the lowest total responsible bidder based on the unit price bid multiplied by the estimated quantity indicated. All quantities shown are estimated. The successful bidder shall be required to furnish quantities that may be more or less than the listed estimated quantities.
