## SCOPE OF WORK AND SPECIFICATIONS

The County of Rockland, a member of the Empire State Cooperative Procurement Alliance, is requesting bids for suppliers to provide Work apparel with customization as specified. Customization includes embroidery, screen printing and inseam alterations.

Cooperative contracting offers participating entities and suppliers enhanced administrative efficiency and the benefit of collective purchasing power, leading to overall cost savings. In some cases, Rockland County collaborates with other counties and local governments to merge the purchasing volume of their members into a single solicitation and contract, thereby broadening the potential customer base for contracted suppliers.

In addition, the complexity of the contract review and award process is much simpler when working with County governments, as opposed to complex award process of larger government entities.

Rockland County and the Alliance are looking for apparel products and services that align with the general requirements outlined in this RFB and are commonly sought after or mandated by local governments, law enforcement, fire and emergency services and other local government functions.

**Estimated Contract Usage: Previous Rockland County usage for the current apparel contracts resulted in purchases in excess of \$130,980.00 in 2025 and \$103,225.00 in 2024. The Counties need for items awarded on this contract has grown over the last few years as more departments are requiring work apparel for their staff. The county expects that orders will increase dramatically with other agencies having access to this contract on the Empire Procure Connect marketplace.**
