Building Inspection Services – On Call Building Inspection Services

RFP-RC-2022-045

PURPOSE OF REQUEST FOR PROPOSALS (RFP)

The purpose of this Request for Proposals is to establish a pool of qualified third-party support providers who have NYS certified inspection expertise for commercial and residential buildings. This RFP is a component of County's requirement to provide these services in the Village of Spring Valley, NY ("VOSV").

County of Rockland Department of Building and Codes ("OBC") is responsible for the administration and enforcement of the NYS Uniform Fire Prevention and Building Code ("Uniform Code) and the State Energy Conservation Construction Code (the "Energy" Code) with respect to buildings and structures located in the VOSV. The OBC currently has full-time/part time 3rd party support contractors who perform required fire safety inspections, construction inspections, code enforcement services, and other related functions in the VOSV.

This RFP is designed to provide interested offerors with sufficient basic information to submit proposals meeting minimum requirements, but is not intended to limit a proposal's content or exclude any relevant or essential data. Offerors are at liberty and are encouraged to expand upon the specifications to evidence service capability under any agreement.

OPEN ENROLLMENT

This Qualified Provider List is an open enrollment contract. After the initial deadline date of this RFP, the Division of Purchasing reserves the right to solicit and add additional positions, services and/or contractors to meet any unmet needs, as deemed by the County Executive's Office and/or the Division of Purchasing.

BACKGROUND

Effective February of 2022 the New York State Department of State (NYSDOS) directed the County of Rockland to take over the Building Inspections, Plan Review, and Code Enforcement Services for the Village of Spring Valley (VOSV), New York. The County has formed the Rockland County Office of Buildings and Codes (RBC) in order to address the significant issues and deficiencies of building code administration and enforcement processes performed by the VOSV.
