Purchasing Division

Contract Award Notification

Title: **Architectural, Engineering and Consulting Design Services for Construction Related Projects – Qualified Suppliers List**

Contract Period: **July 17, 2024, through July 16, 2026, w/ (3) 1-year options**

Original Date of Issue: July 17, 2024

Date of Revision:

RFP No: **RFP-RC-2024-010**

Authorized Users: Drainage, Highway, Facilities Departments and the Sewer District # 1

Address Inquiries To:

Name: Claudia Moodie
Title: Purchaser II
Phone: 845-364-3821
Fax: 845-364-3809
E-mail: MoodieC@co.rockland.ny.us

Description

This contract is a qualified suppliers list for architectural, engineering and consulting design services for construction related projects for the Drainage, Highway, Facilities Departments and the Sewer District # 1.

SEE ATTACHED LIST FOR QUALIFIED CONTRACTORS

PLEASE NOTE: PLEASE SEE ATTACHED ON HOW TO USE THIS QUALIFIED SUPPLIERS LIST.

COUNTY OF ROCKLAND
DEPARTMENT OF GENERAL SERVICES - PURCHASING DIVISION

GENERAL INSTRUCTIONS
HOW TO USE
QUALIFIED SUPPLIER LIST
FOR
ENGINEERING SERVICES

(Revised March 2016)

COUNTY OF ROCKLAND
DEPARTMENT OF GENERAL SERVICES - PURCHASING DIVISION

OVERVIEW

Rockland County issued an RFP that resulted in the selection of providers of Engineering Services to be placed on one or more Qualified Suppliers Lists to provide services on an as needed basis by the Rockland County Sewer District #1, the Rockland County Highway Department including the Rockland County Drainage Agency and the Department of General Services Facilities Management Division.

CONTRACTING PROCESS

- **Projects valued up to \$35,000.00 may be assigned directly by the user department with a firm on the Qualified Suppliers List by submitting a DCE-100 Contract Request.**
 - **ALL FIRMS WITH A PHYSICAL ADDRESS IN ROCKLAND COUNTY WILL BE INVITED TO SUBMIT A QUOTE FOR ALL CONTRACT OPPORUNITIES.**
 - The County will enter into separate contracts for each project. Change orders to the original contract amounts will be limited based on the original value of the contract. A contract assigned to a firm on the Qualified Suppliers list, with an original value of under \$35,000, will not be permitted to exceed the \$35,000 limit. It is anticipated or should reasonably be known that the contract may need to be modified and exceed the \$35,000 competitive quotes as noted below shall be obtained.

- **Projects valued at \$35,000.00 up to \$100,000**
 - **ALL FIRMS WITH A PHYSICAL ADDRESS IN ROCKLAND COUNTY WILL BE INVITED TO SUBMIT A QUOTE FOR ALL CONTRACT OPPORUNITIES.**
 - The user department shall obtain a minimum of five (5) quotes from firms listed on the Qualified Suppliers List. Each Department will be required to advise the Purchasing Division, in writing, as to the project scope and firms to be solicited prior to soliciting proposals and to maintain records to show which firms were contacted for each contract opportunity and to ensure that all firms are offered an equal opportunity throughout the year to respond to the Department's Request for Quotations.
 - The County will enter into separate contracts for each project by submitting a DCE-100 contract request including documentation of the five quotations received. Change orders to the original contract amounts will be limited based on the original value of the contract. A contract awarded based on quotes received from the user department with an original contract value of \$35,000-\$100,000, will not be permitted to exceed \$100,000.

COUNTY OF ROCKLAND
DEPARTMENT OF GENERAL SERVICES - PURCHASING DIVISION

- **Projects valued at \$100,000.00 up to \$250,000.00**
 - **ALL FIRMS WITH A PHYSICAL ADDRESS IN ROCKLAND COUNTY WILL BE INVITED TO SUBMIT A QUOTE FOR ALL CONTRACT OPPORUNITIES.**
 - The user department shall submit to the Purchasing Department a detailed scope of work for the services needed. The Purchasing Department shall invite all firms (qualified to perform the scope of services) that appear on the Qualified Suppliers List to submit a quotation and proposal.
 - The County will enter into a separate contract for each project by submitting a DCE-100 contract request. Change orders to the original contract amounts will be limited based on the original value of the contract. A contract awarded based on quotes received by the Purchasing Division, with an original contract value of \$100,000 to \$250,000 will not be permitted to exceed \$250,000.

- **Projects valued in excess of \$250,000**
 - For projects in excess of \$250,000, a project specific RFP shall be issued.
 - **ALL FIRMS WITH A PHYSICAL ADDRESS IN ROCKLAND COUNTY WILL BE INVITED TO SUBMIT A QUOTE FOR ALL CONTRACT OPPORUNITIES.**

The County reserves the right to issue RFP's or quotes for any work if it feels it is in the best interest of the County of Rockland to do so. The lists will also be used for assigning urgent or emergency work under a declared emergency.

APPENDIX B HOURLY RATE SHEET

The required AKRF hourly rate sheet is included below.

Out of pocket expenses will be billed at 1.10 times actual cost.
The following rates are effective through December 31, 2024.

AKRF HOURLY RATE SCHEDULE	
Employee Category	Hourly Rate
Senior Officer / Senior Vice President	\$255
Officer / Vice President	\$245
Senior Technical Director	\$230
Technical Director	\$215
Senior Professional	\$195
Professional II	\$160
Professional I	\$150
Technical II	\$140
Technical I	\$115

Alfandre Architecture Hourly Rates 2024 January

Hourly Rates Hourly and additional services will be invoiced at the following rates, per hour.

Principal	\$295
Project Architect	\$250
Senior Project Manager	\$245
Project Manager	\$195
Assist Project Manager	\$125
Administrative	\$60

231 Main Street
New Paltz, NY 12561
845-255-4774
www.alfandre.com

Pricing Information

Arcadis proposes to complete the statement of work described in the solicitation on a time and materials basis. The proposed cost table shown below contains all pricing information relative to performing the statement of work. Hourly rates shown are all inclusive hourly rates, except travel and other customary reimbursable expenses for this project. The manner in which expenses and other direct costs for a specific assignment will be billed will be clearly outlined in any contract that is developed for a specific work assignment. The rates shown are firm through the first year of the contract. Arcadis may annually request a rate increase equal to CPI-U, with the request being issued at least 30 days prior to the anniversary date of the Agreement.

As requested in the County’s Request for Proposal, this Rate Sheet has been uploaded as a separate attachment in our response.

Hourly Rate Sheet for Assignments Received Under RFP-RC-2024-010

Hourly Billing Rates
For the year 2024

Commencing January 1, 2022, hourly rates will increase as follows:

Principal Architect	\$290.00
---------------------	----------

When so designated, compensation computed on an hourly rate basis shall be in accordance with the billing rate schedule above. The billing rates include the direct salary, mandatory and customary benefits, overhead, and profit for the personnel listed. Degenshein Architects reserves the right to equitably adjust these rates at the end of each calendar year and as contractually restricted.

Other hourly rate work will be performed by personnel of sub-consultants subcontracted for specific tasks by Degenshein Architects at a rate equal to one and fifteen hundredths (1.15) times the rates invoiced by the sub-consultant. This structure of service provision has proven to reduce office overhead expenses to the financial benefit of our clients. It demonstrates how we have reduced our in-house hourly rates, even in a period of recent inflation.

Reimbursable Expenses

Travel:

Mileage: Per tax-deductible limits established annually by the IRS.

Other travel expenses approved in advance: 1.15 times the direct cost to the Consultant.

Reproduction, Delivery, Models, and Renderings:

(beyond that required by contract obligation, 1.15 times the direct cost to the Consultant)

For in-house reproduction:

B&W 8-1/2x11	.35/page
Color 8-1/2x11	.70/page
B&W 11x17	1.25/page
Color 11x17	2.50/page

CLASSIFIED HOURLY RATES
DEWBERRY ENGINEERS INC.

Title	Hourly Rate
Principal Engineer VIII	\$275 - \$295
Principal Engineer VII	\$255 - \$275
Associate Engineer VI	\$205 - \$255
Senior Engineer V	\$170 - \$210
Senior Landscape Architect V	\$170 - \$210

FEE SCHEDULE

The respondent acknowledges that it will not propose or charge hourly rates that exceed those listed below:

Partner/Principal.....	\$195.00 Per Hour
Project Manager/Professional Engineer	\$180.00 Per Hour
Senior Project Engineer	\$175.00 Per Hour
Project Engineer.....	\$165.00 Per Hour
Senior Design Engineer	\$150.00 Per Hour
Design Engineer	\$135.00 Per Hour
Engineering Technician/CADD Technician	\$110.00 Per Hour
Engineering Intern	\$55.00 Per Hour
Administrative Assistant	\$75.00 Per Hour

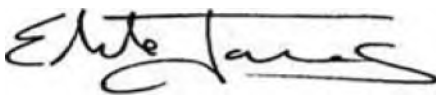

The professional shall be reimbursed at cost for expenses incurred for duplication, filing fees, and other reasonable out-of-pocket expenses advanced and/or incurred by them. Professional shall be reimbursed for direct charges including disbursements that are actual expenses incurred by the Professional and or/their associated Firm in connection with the services provided, and shall include, but not be limited to:

- a. Telegrams, faxes and long distance (Out-of-State) telephone calls;
- b. Payment of filing, application fees, review fees and similar charges;
- c. Computer expenses including time and proprietary program charges;
- d. Outside printing, reproduction, binding, collating and other graphic services;
- e. Messenger service, postage and handling of drawing and specifications, reports, contracts and other bulky items.

Note: Professional shall not be reimbursed for travel time, tolls, mileage, or other travel related expenses in performance of services.

ELECSYS Engineering Group, PLLC

Eldo James, P.E., Managing Partner

Signature: 

Date: 2-29-2024

I. Executive Summary

Engineering System, P.C. – is a New York State domestic Professional Engineering corporation, that has met requirement of Section 7210 New York State Education Law and in accordance therewith has been certified by New York State Education Department to provide Engineering Services in the State of New York, Certificate 00118440

Engineering System, P.C. – is a Professional Engineering Corporation of Alexey Leonichev, P.E. licensed in the states of: NY (license #088085); CT (license #0027112); PA (license #PE076790); MD (license #37184); OH (license #PE74082); MI (license #6201056424), NV (license #19967)

Professional Engineer Alexey Leonichev, P.E. has more than 34 years of experience in design and construction, including 23 years in United States professional engineering experience in Civil, Structural, Architectural and Geotechnical design and Topographic Surveying.

Most significant US projects:

- (2018-2020) New York Power Authority Power Plants reconciliation
- (2013-2014) Westinghouse Electric Company AP1000 Nuclear Power Plant
- (2004-2006) Los Angeles Air Force Base, Space and Missile Center

II. Detailed Response Proposal – The Scope of Services

- a) Emergency Structural Stability Evaluation and Forensic investigations
- b) Structural Analysis and Design
- c) Structural Engineering Analysis and Design
- d) Geotechnical Engineering Analysis and Design
- e) Roadways Design
- f) Hydrology Study and Hydrological Design
- g) Topographic Surveying incidental to Engineering
- h) Architectural Design incidental to Engineering
- i) As-built drawings productions and maintenance recommendations

III. Value-added Considerations

- a) On a discretion of Rockland County, Engineering System, P.C. able to provide additional services not prohibited by New York State Education Law

IV. Protected Information

- a) This Project doesn't have known Protected information.

V. Cost Proposal

- a) The cost of any Project depends on complexity and urgency and will be negotiated individually.
- b) The basis of the cost is based on Construction Specification Institute (CSI) Masterspec and current RS Means data published @ www.rsmeans.com adjusted to the historical factors.
- c) Cost estimation example:

SCI	Description	Part of Total	Subtotals per projects under			
			\$25,000.00	\$50,000.00	\$100,000.00	\$500,000.00
01113120	Construction Management	0.075	\$1,875.00	\$3,750.00	\$7,500.00	\$37,500.00
01113130	Engineering	0.060	\$1,500.00	\$3,000.00	\$6,000.00	\$30,000.00
01216310	Taxes	0.100	\$2,500.00	\$5,000.00	\$10,000.00	\$50,000.00
01311330	Insurance	0.020	\$500.00	\$1,000.00	\$2,000.00	\$10,000.00
01412650	Permits	0.020	\$500.00	\$1,000.00	\$2,000.00	\$10,000.00
	Total	0.475	\$6,875.00	\$13,750.00	\$27,500.00	\$137,500.00

- d) Professional Engineer's Base salary flat rate: \$120 per hour
- e) Meetings: minimum \$200 per hour + \$120 per each additional hour

VI. Exception to RFP – Term and Conditions

- a) This Project doesn't have Exceptions to RFP Term and Conditions.

2024 Billing Rate Schedule

Hourly Billing Rates: Compensation for Basic and Additional Architectural Services provided on an hourly basis will be in accordance with the following billing rate schedule:

	<u>Range</u>
Principal	\$ 305 per hour
Senior Project Manager	\$ 215 per hour
Senior Architect / Designer	\$ 195 per hour
Project Architect / Designer	\$ 155 per hour
Architect / Designer	\$ 130 per hour
Project Clerical Assistance	\$ 90 per hour

Hourly Billing Rates may be increased on an annual basis, not less than one year after the date of this Agreement, to adjust for changes in office and employee costs.

All the services listed in the scope of services will be provided to the County of Rockland at the hourly rates listed herein.

Effective: January 1st, 2024 to December 31st, 2024

Title	Hourly Rate
Principal Engineer	\$190
Professional Civil Engineer	\$180
Senior Project Engineer	\$170
Project Engineer	\$155
Civil Engineer	\$150
Traffic Engineer	\$135
Senior Environmental Engineer	\$175
Senior Design Engineer	\$150
Design Engineer	\$135
Project Manager	\$165
Professional Land Surveyor	\$165
Land Surveyor	\$150
Resident Engineer	\$155
Senior Construction Engineer	\$145
Construction Engineer	\$130
Senior Construction Inspector	\$135

Director of Purchasing Department
Department of General Services – Purchasing Division
50 Sanatorium Road, Building A, 2nd Floor, Pomona, New York 10970

RE: RFP-RC-2024-10> Architectural, Engineering & Consulting Services for Construction Related Projects - Qualified Suppliers List, Rockland County, NY; COST PROPOSAL

Dear Mr. Brennan:

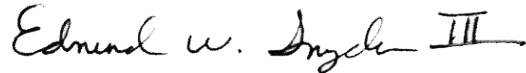

GPI is pleased to submit our cost proposal for the following agencies:

- Agency B – Rockland County Highway Department
- Agency C – Rockland County Drainage Agency
- Agency D – Rockland County Facilities Management

We look forward to serving the County. Please advise if you have any questions or require clarification.

With Gratitude,

GPI/GREENMAN-PEDERSEN, INC.

Edmund W. Snyder III, PE
Vice President | Director of Business Development - Transportation

COST PROPOSAL

The following table is a schedule of hourly billing rates for each Professional and Technical class of employee expected to be assigned to Task Orders awarded under the Agreement. The footnote below the table clearly sets forth reimbursable expenses. JMT guarantees that no additional fees beyond the maximum amount will be charged to the County without prior written consent. With our experience providing on call consulting services through task orders, we have a sophisticated accounting system that can lock in hourly rates and tie them to individual staff to provide labor sheet backup and detailed documentation for expenses, and a team of accountants to serve all NYS contracts with multiple template invoice layouts. Invoices will be prepared monthly and include a progress status report that briefly summarizes the work completed within the invoiced pay period and anticipated work for the next month.

compensation

Michael Shilale Architects, LLP (MSA) has over 30 years of P-12 and NYSED experience. Small projects are sometimes critical to a District and MSA has a strategy to deliver exceptional services on even small projects. Small projects do increase construction costs and A/E fees, however while many firms would not accept school projects under one million dollars, MSA tailors our services to our client's needs.

A percentage-based fee is a common and quick way to assign and benchmark A/E fees. We believe it is not always the best way. It is a negative incentive for us to do one of the things we do best - save our clients money. If we greatly reduce the project cost through our extra work and creativity, our fee goes down. We prefer to fixed fee for a fixed scope of work so that we may use all our creativity, resources and fees to assure you are getting most cost effective building that is not only of a highest quality design but is delivered *On time and under budget*. We pride ourselves on creating higher performing educational environments that are more efficient, easier to maintain and healthier more effective places helping our students learn and our teachers teach.

Fee for Scope of Services in outlined in the RFP:

Fee for Additional Services as discussed during onsite meeting:

Fee for Other Additional Services:

RATE SCHEDULE

Effective Date: [01/01/24]

Hourly Rates

PROCEDURE CODE	DESCRIPTION	FEE AMOUNT
101	Architect	\$95.00 hr
202	Junior Engineer	\$110.00 hr
305	Drafter	\$80.00 hr
410	Senior Engineer	\$160.00 hr
525	Project Manager	\$120.00 hr
620	Executive Officer	\$180.00 hr
725	Consultants	Cost + \$10% Mark up
840	Subcontractor(s)	Cost + 10% Mark up
955	Surveyor(s)	Cost + 10 Mark up
1060	Late Cancellation Charge	\$250.00
1165	All Related Expenses	Cost + 10% Mark up
1220	Hourly rate of profesional(s) Travelling	Hourly Cost + \$40 Per diem
1350	Consumables / Reimbursable Expenses: Stationary/Prints	Material Cost + 10% Mark up
1410	Overhead and Profit	15%

Billing and Payment:

Clients will be billed at Net 30 to pay bills from the date of Invoice. Payment should match the fee schedule for the time of service. If payment is delayed, please provide an explanation.

Reports and Documentation:

Client will be responsible for determining, requesting, authorizing, and scheduling services. Client agrees that Nolan engineering is not responsible for performing services that are neither requested nor authorized by client, including but not limited to, services that are required by the construction documents, proposal, and any related project document.

Communication and Disputes:

We require a minimum of two weeks advance notice prior to project initiation and one week advance notice for subsequent scheduling of field services. Notice of cancellation must be received by 5:00 PM, Monday through Friday, the 2 days prior to scheduled services, or a Late Cancellation charge in accordance with the Fee Schedule will be applicable.

Nolan Engineering PLLC

Client shall produce explanation for the provider, if any payments are denied or reduced payments within 10 days of receiving invoices. They can't change procedure codes without the provider's agreement. Disputes can be handled by the Office Billing Staff.

Invoices will be submitted in accordance with the attached Scope of Services and Fee Schedule for the actual services rendered. Invoices are due when rendered and payable in US dollars. Accounts past due 10 days are subject to a service charge of 1.5% per month or an annual percentage rate of 18%.

Contract duration:

This AGREEMENT shall continue in force until Nolan Engineering PLLC, has completed its Scope of Services for the PROJECT and has received final payment in full, unless terminated earlier by mutual agreement or any other determinations made by the Purchase Order.

Edwin J. Day, County Executive

TITLE: Architectural, Engineering and Consulting Design Services for Construction Related Projects – Qualified Suppliers List

RFP NUMBER:
RFP-RC-2024-010

PURPOSE OF REQUEST FOR PROPOSAL (RFP)

The purpose of this RFP is to inform the private sector of a potential business opportunity to provide Architectural, Engineering and Consulting Design Services for Construction Related Projects on an as needed basis for the following agencies: Rockland County Sewer District No.1, Rockland County Highway Department including the Rockland County Drainage Agency and Rockland County Facilities Management. Firm's may submit a single proposal for one and/or multiple agencies listed. See submission requirements.

Rockland Community College and the Rockland County Solid Waste Management Authority may also utilize firms awarded a contract in accordance with this RFP.

Specific requirements for the aforementioned agencies are outlined as follows:

AGENCY A – Rockland County Sewer District No. 1

AGENCY B – Rockland County Highway Department

AGENCY C – Rockland County Drainage Agency

AGENCY D – Rockland County Facilities Management

This RFP is designed to provide interested offerors with sufficient basic information to submit proposals meeting minimum requirements but is not intended to limit a proposal's content or exclude any relevant or essential data. Offerors are at liberty and are encouraged to expand upon the specifications to evidence service capability under any agreement.

BACKGROUND

Rockland County intends for this Request for Proposal to result in the selection of providers of Architectural, Engineering and Consultant Design Services for Construction Related Projects to be placed on one or more Qualified Suppliers Lists (QSL) to provide services on an as needed basis.

There will be four (4) separate qualified suppliers lists developed from the award of this RFP. One list for each of the following agencies, however, any agency may utilize a firm awarded a contract in accordance with this RFP to perform required work:

- Rockland County Sewer District No. 1
- Rockland County Highway Department
- Rockland County Drainage Agency
- Rockland County Facilities Management

These lists will be used for assigning work valued up to \$35,000, quoting work valued at \$35,000-\$100,000 (quotes obtained by the user department), and for quoting work valued at \$100,000-\$250,000 (quotes obtained by the Purchasing Division). For projects in excess of \$250,000, a project specific RFP shall be issued.

Edwin J. Day, County Executive

TITLE: Architectural, Engineering and Consulting Design Services for Construction Related Projects – Qualified Suppliers List

RFP NUMBER:
RFP-RC-2024-010

The County will enter into separate contracts for each project. Change orders to the original contract amounts will be limited based on the original value of the contract. A contract assigned to a firm on the Qualified Suppliers list, with an original value of under \$35,000, will not be permitted to exceed the \$35,000 limit. A contract awarded based on quotes received from the user department with an original contract value of \$35,000-\$100,000, will not be permitted to exceed \$100,000. A contract awarded based on quotes received by the Purchasing Division, with an original contract value of \$100,000.00 to \$250,000 will not be permitted to exceed \$250,000.

The County reserves the right to issue RFP's or quotes for any work if it feels it is in the best interest of the County of Rockland to do so. The lists will also be used for assigning urgent or emergency work under a declared emergency.

ISSUING OFFICE AND RFP REFERENCE NUMBER

The County of Rockland's Department of General Services – Purchasing Division is the issuing office for this document and all subsequent addenda relating to it, on behalf of the Rockland County Sewer District No. 1, Rockland County Highway Department including the Rockland County Drainage Agency and Rockland County Facilities Management. The reference number for the transaction is **Solicitation # RFP-RC-2024-010**. This number must be referred to on all proposals, correspondence, and documentation relating to the RFP.

SUBMITTING YOUR PROPOSAL

NOTICE: By submitting a proposal in response to this RFP, offeror is acknowledging that the requirements, scope of work, and the evaluation process, outlined in the RFP are fair, equitable, not unduly restrictive, understood and agreed to. Any exceptions to the content of the RFP must be protested to the Director of Purchasing prior to the closing date and time for submission of the proposal.

Proposals must be received by the posted due date and time. Proposals received after the deadline will be late and ineligible for consideration.

Proposals must be submitted electronically through the County's Bonfire Request for Proposal Portal. Please refer to the instructions titled: Proposal Submittal Procedures for instructions on submitting your proposal electronically.

When submitting (uploading) a proposal electronically through the County's Bonfire Portal, please allow sufficient time to complete the online forms and upload documents. The solicitation will end at the closing time listed in the RFP. If you are in the middle of uploading your proposal at the closing time, the system will stop the process and your proposal will not be received by the system.

LENGTH OF CONTRACT

The Contract resulting from this RFP will be for a period of two (2) years with the option to renew for three (3) additional 1 year terms.

The County of Rockland reserves the right to review contract(s) on a regular basis regarding performance and cost analysis and may negotiate price and service elements during the term of the contract.

Edwin J. Day, County Executive

TITLE: Architectural, Engineering and Consulting Design Services for Construction Related Projects – Qualified Suppliers List

RFP NUMBER:
RFP-RC-2024-010

CONTRACT TERM – RENEWAL

In addition to any stated renewal periods in the Contract, any contract or unit portion thereof let by the Director of Purchasing may be extended by the Director of Purchasing for an additional period(s) of up to one year (cumulatively) with the written concurrence of the Contractor.

PRICE GUARANTEE PERIOD

The proposed price and/or hourly rates must remain firm through the first contract period with no adjustments allowed. If the County exercises any of the option years of the contract, the Offeror may submit a request for adjustment on the yearly anniversary date of the contract. Any request for price adjustment(s) must be submitted thirty (30) days in advance of the anniversary date; in writing to the Director of Purchasing. Any and all price adjustments will be limited to the percentage increase in applicable CPI Index for the preceding 12 months. The County reserves the right to reject any request for price increase deemed excessive.

OPEN ENROLLMENT

This Qualified Suppliers List RFP is an open enrollment contract. After the initial deadline date of this RFP, the Division of Purchasing reserves the right to solicit and add additional positions, services and/or contractors to meet any unmet needs, as deemed by the County Executive's Office and/or the Division of Purchasing, but not limited to:

- If/when all attempts to utilize awarded contractor(s) have been unsuccessful.
- If/when changing needs warrant a new specialization to be added.

Contractors will not be permitted to submit random proposals at their own discretion at any time to the Purchasing Division. The Division of Purchasing will only add qualified Contractors after a thorough proposal review to cover any unmet need(s), as identified by the Departments as indicated above.

STANDARD CONTRACT TERMS AND CONDITIONS

Any contract resulting from this RFP will include the County's Standard Terms and Conditions for Professional Service Contracts included in the RFP. Exceptions and or additions to the County's Standard Terms and Conditions are strongly discouraged.

Exceptions to the RFP Terms and Conditions, and/or the Standard Terms and Conditions for Professional Service Contracts must be submitted with the proposal response. Exceptions, additions, service level agreements, etc. submitted after the date and time for receipt of proposals will not be considered.

The County retains the right to refuse to negotiate on exceptions should the exceptions be excessive and not in the best interest of the County.

If negotiations are required, contractor must provide all documents in Microsoft WORD format for redline editing. Offeror must provide the name, contact information, and access of the person(s) that will be directly involved in legal negotiations.

PROTEST PROCEDURES

Protests Prior to RFP Opening: Protests regarding any aspect of the RFP document, attached materials and COUNTY award procedures must be submitted in writing prior to the RFP opening date and time (via e-mail, mail, or FAX) to:

Hon. Edwin J. Day
County Executive
11 New Hempstead Road
New City, NY 10956

The County Executive or his designee will respond to these protests within ten (10) business days.

Protests After Bid Opening/Notice of Intent to Award: Protests regarding the COUNTY's proposed selection of a Offeror after RFP opening and notice of intent to award announcement must be submitted in writing (via mail, FAX) to the Hon. Edwin J. Day, County Executive, 11 New Hempstead Road, New City, NY, 10956 (FAX: 845-638-5856). The protest must be submitted within three calendar days after such aggrieved person knows or should have known of the facts giving rise thereto. The County Executive or his designee will respond to these protests within ten (10) business days.

DISCUSSIONS WITH OFFERORS (ORAL PRESENTATION)

An oral presentation by an offeror to clarify a proposal may be required at the sole discretion of the County. However, the County may award a contract based on the initial proposals received without discussion with the Offeror. If oral presentations are required, they will be scheduled after the submission of proposals. Oral presentations will be made at the offerors expense. The County is not required to provide the opportunity for oral presentations to all offerors that submitted a proposal.

CONFIDENTIAL / TRADE SECRET INFORMATION

Offerors should be aware that pertinent facts relating to their proposals, excluding trade secrets or proprietary information, could potentially be released as soon as sixty (60) days after the selection of the successful supplier.

The County of Rockland is subject to New York State's Freedom of Information law (FOIL). Should your submission, to this RFP, contain "trade secrets", or other information that the disclosure of which could reasonably be expected to be harmful to business interests, you must insure that such information is clearly identified and marked as such. Identification must be specific by item or paragraph.

Marked information will be treated as Confidential Third Party Information. Should marked information be the subject of a request under FOIL, you may be requested either to consent to the request, or make representation explaining why the information should not be disclosed.

Unpublished information pertaining to the County or its customers obtained by the proposer as a result of participation in this project is confidential and must not be disclosed without written authorization from the County.

Edwin J. Day, County Executive

TITLE: Architectural, Engineering and Consulting Design Services for Construction Related Projects – Qualified Suppliers List

RFP NUMBER:
RFP-RC-2024-010

SCOPE OF WORK

AGENCY – A ROCKLAND COUNTY SEWER DISTRICT No. 1

The County of Rockland has issued this Request for Proposal on behalf of the Rockland County Sewer District No. 1 to develop a Qualified Suppliers List to provide Architectural, Engineering Services on an as needed basis from for the term of this RFP.

Based on the proposals received, the County will develop a Qualified Suppliers List. Selection to the Qualified Suppliers List does not guarantee in any way a commitment by the County to use the supplier's services.

As the need for services arise, the Rockland County Sewer District No. 1 shall solicit project specific; technical, man-hour and cost proposals and project schedules from firms on the Qualified Suppliers List. Contract award will be made on the basis of the Sewer District's evaluation of the technical and man-hour proposals and project schedules submitted by each firm. The material submitted will be evaluated to assess each consultant's understanding of the project and his ability to expeditiously progress it. The Rockland County Sewer District No. 1 is not mandated to contract with the lowest cost quotation.

Typical project assignments may include the design of wastewater treatment plant improvements and new facilities, sewer rehabilitation and replacement projects, design of new interceptors, sewer lines, force mains, and pump stations. Projects may include the design of electrical, and heating and ventilating systems for wastewater facilities.

The required services for project scoping may include but are not limited to: Assessment of existing facilities, (including the condition of existing wastewater treatment plant facilities, pump stations and sewer lines), environmental studies, facility planning studies, and the development of conceptual alternatives for a construction project.

The required services for Preliminary Design may include, but are not limited to: Surveying activities for design of new facilities, easement surveys, development of design alternatives, development of documents to comply with SEQR and preparation for attendance and participation at public information meetings and hearings.

The required services for Final Design may include, but are not limited to: Incidentals and acquisition work, development and design for public utilities, development and design of final plans for wastewater treatment plant rehabilitation and upgrade projects, pump stations, interceptors and force mains and preparation and submission of Final Plans, Specifications and Estimates for the project.

The architect, engineer shall incorporate into the design the most efficient energy saving electrical equipment and components available. The County of Rockland requires the architect, engineer to utilize to the fullest extent the NYSERDA information, programs, experience and grants. Energy conservation guidelines are to be followed to the fullest and maximum extent possible.

The architect, engineer shall assist the Sewer District with ensuring that the design documents meet loan and/or grant requirements administered by the NYSEFC, if applicable.

The required services for Construction Support Services may include, but are not limited to: Assistance in construction bid proceedings, review of shop drawings, providing design response to unanticipated or changed field conditions, analysis and participation in proposed design changes and ongoing interpretation and clarification of design plans.

Edwin J. Day, County Executive

TITLE: Architectural, Engineering and Consulting Design Services for Construction Related Projects – Qualified Suppliers List

RFP NUMBER:
RFP-RC-2024-010

The required Construction Inspection Services may include, but are not limited to: Providing on-site construction inspection and oversight to ensure the quality of construction and conformity with the plans and specifications that were prepared by the firm in the design stage.

PROPOSAL REQUIREMENTS AND COMPANY QUALIFICATIONS

Firms submitting proposals are required to have experience in two or more of the following areas and must identify their area(s) of expertise:

- Wastewater Treatment Plant Design
- Sanitary Sewer Collection System Evaluation and Design
- Structural repairs/modifications to buildings, pump stations, and wastewater treatment plants
- Electrical Design: Power and Instrumentation
- Heating and Ventilation Design
- Surveying
- Property Deed Research, Easement Acquisition
- Construction Inspection
- Environmental Studies, Assessments and Impact Statements
- Regulatory and Design Standards relevant to the Wastewater Industry in New York State

To be selected to the qualified suppliers list, the prime consultant must be authorized by the State of New York to practice architecture and/or engineering as appropriate. For environmental assessments, personnel must have the necessary asbestos or other certifications. Additionally, all surveying shall be performed by a firm authorized to provide professional land surveying in the State of New York.

Each proposal shall include a description of at least ten (10) of the firm's most relevant projects in chronological order, most recent first. The emphasis should be on relevant prior experience and accomplishments recognized for design excellence and supported by reference recommendations.

Edwin J. Day, County Executive

TITLE: Architectural, Engineering and Consulting Design Services for Construction Related Projects – Qualified Suppliers List

RFP NUMBER:
RFP-RC-2024-010

AGENCIES – B & C
ROCKLAND COUNTY HIGHWAY DEPARTMENT
ROCKLAND COUNTY DRAINAGE AGENCY

SCOPE OF WORK

The County of Rockland has issued this Request for Proposal on behalf of the Rockland County Highway Department to develop Qualified Supplier Lists to provide Architectural, Engineering Services on an as needed basis for the term of the RFP.

Based on the proposals received for these agencies, the County will develop two Qualified Supplier Lists. One list will be used to select consultants for Bridge/Highway Design and Construction Inspection Projects and the other list will be used to select consultants for Dam Inspection and Rehabilitation Projects, Stream Mapping and Flood Controls Studies, Environmental Studies, Assessments and Impact Statements, and Stream Embankment Stabilization and Stream Corridor Restoration projects.

Selection to a Qualified Suppliers List does not guarantee in any way a commitment by the County to use the supplier's services.

As the need for Architectural and Engineering Services arises, the Rockland County Highway Department or Drainage Agency shall solicit project specific; technical, man-hour and cost proposals and project schedules from at least three firms from one or more Qualified Suppliers List. Contract award will be made on the basis of the Highway Department's or Drainage Agency's evaluation of the technical and man-hour proposals and project schedules submitted by each firm. The material submitted will be evaluated to assess each consultant's understanding of the project and their ability to expeditiously progress it. The County is not mandated to contract with the lowest cost quotation.

Typical project assignments may include bridge rehabilitation (including rehabilitation of historic bridges of masonry or steel construction) and replacement projects, highway rehabilitation and reconstruction projects, intersection improvements, sidewalk and bicycle facilities and transportation enhancement projects; flood plain studies and mapping, hydraulic and hydrologic studies, stream embankment restoration and erosion control, flood control projects, dam studies and rehabilitation, environmental and archeological studies.

The required services for project scoping may include but are not limited to assessment of existing government facilities, including the condition of existing roadways, curbs, sidewalks, culverts and bridges, underwater structures or other transportation facilities, streams, flood plain and/or flood control facilities, and the development of conceptual alternatives for construction of a project.

The required services for Preliminary Design may include, but are not limited to: Survey activities including survey necessary to provide, update, and keep base mapping current; ROW survey; development of design alternatives; in-depth bridge inspections; evaluation of cost and environmental factors including air, noise, and water studies, wetland delineation, cultural resource studies, hazardous materials studies; and preparation for, attendance and participation at public information meetings and hearings.

The required services for Final Design may include, but are not limited to: final horizontal and vertical alignment for a highway; survey for preparation of ROW maps; ROW incidentals; development and design of public utilities; maintenance and protection of traffic during construction; preparation of typical sections, pavement markings, guide rail plans; development and design of final plans for: bridge rehabilitation, bridge replacement, highway reconstruction/rehabilitation, and underwater repairs of structures; flood control facilities; stream embankment

TITLE: Architectural, Engineering and Consulting Design Services for Construction Related Projects – Qualified Suppliers List

RFP NUMBER:
RFP-RC-2024-010

stabilization and stream corridor restoration; construction preparation and submission of Final Plans, Specifications, and Estimates.

The required services for Construction Support Services may include, but are not limited to: assistance in construction bid proceedings; review of shop drawings; providing design response to unanticipated or changed field conditions; analysis and participation in proposed design changes; and ongoing interpretation and classification of design plans.

The required Construction Inspection Services may include, but are not limited to: providing on-site and in plant construction inspection and oversight to ensure the quality of construction and conformity with the plans and specifications.

PROPOSAL REQUIREMENTS AND COMPANY QUALIFICATIONS

Firms submitting proposals are required to have experience in two or more of the following areas and must identify their area(s) of expertise:

- Bridge and Highway Design
- Rehabilitation of historic bridges of masonry or steel construction
- Dam inspection and rehabilitation
- Underwater inspections and design of underwater repairs to structures
- Construction Inspection (including onsite inspection of painting of structural steel bridges)
- Storm water Management and Stream Improvements
- Stream Mapping and Flood Control Studies
- Environmental Studies, Assessments and Impact Statements
- New York State DOT Design Procedures and Standards
- Stream embankment stabilization and stream corridor restoration

To be selected to a Qualified Suppliers List, the prime consultant must be authorized by the State of New York to practice architecture and/or engineering as appropriate. For environmental assessments, personnel must have the necessary asbestos or other certifications. Additionally, all surveying and Right-of-Way mapping shall be performed by a firm authorized to provide professional land surveying in the State of New York and by a New York State licensed Land Surveyor.

Each proposal shall include a description of at least ten (10) of the firm's most relevant projects in chronological order, most recent first. The emphasis should be on relevant prior experience and accomplishments recognized for design excellence and supported by reference recommendations.

TITLE: Architectural, Engineering and Consulting Design Services for Construction Related Projects – Qualified Suppliers List

RFP NUMBER:
RFP-RC-2024-010

**AGENCY D
ROCKLAND COUNTY FACILITIES MANAGEMENT**

SCOPE OF WORK

The County of Rockland has issued this Request for Proposal on behalf of the various agencies of the County to develop Qualified Supplier Lists to provide Architectural and Engineering Services on an as needed basis for the term of the RFP.

Based on the proposals received, the County shall develop one Qualified Supplier List. The list shall be used to select consultants for professional Architectural, Engineering and Consulting, Design services.

Selection to a Qualified Suppliers List does not guarantee in any way a commitment by the County to use the supplier's services.

As the need for services arises, the County of Rockland using Agency, shall solicit project specific; technical, man-hour and cost proposals and project schedules from at least three firms from the Qualified Suppliers List.

Contract award shall be made on the basis of the evaluation of the technical and man-hour proposals and project schedules submitted by each firm. The material submitted shall be evaluated to assess each consultant's understanding of the project and their ability to expeditiously progress it. The County is not mandated to contract with the lowest cost quotation.

Typical project assignments may include site assessment, code analysis, building inspection, building system inspection and/or testing, existing drawing and specification review, planning, feasibility study and recommendation, scenario review, estimating, preliminary design, design development, bid document development, bid review, construction administration, providing design response to unanticipated or changed field conditions; analysis and participation in proposed design changes; and ongoing interpretation and classification of design plans, submittal review, site visits, punch lists, dispute mediation, project closeout.

The required services for project scoping may include but are not limited to assessment of existing government facilities, including the condition of existing facilities, and the development of conceptual alternatives for construction of a project.

The required services shall be employed in the County of Rockland such as but not limited to: site development, demolition projects, hazardous waste remediation, new building construction, Building Renovation or Addition, Conversion to different occupancy, completion of unfinished spaces, major maintenance or replacement of building systems such as electrical, mechanical, structural, fire protection, vertical transport, thermal protection, doors, windows, ceilings, roofs, plumbing, food preparation, and site infrastructure.

The predominant building classifications existing in the County of Rockland inventory are Assembly, Business, Educational, Institutional, Residential, Storage, Utility and Miscellaneous.

The required Construction Administration services may include, but are not limited to: providing on-site and in plant construction oversight to ensure the quality of construction and conformity with the contract documents.

Edwin J. Day, County Executive

TITLE: Architectural, Engineering and Consulting Design Services for Construction Related Projects – Qualified Suppliers List

RFP NUMBER:
RFP-RC-2024-010

PROPOSAL REQUIREMENTS AND COMPANY QUALIFICATIONS

Firms submitting proposals are required to have experience in two or more of the following areas and must identify their area(s) of expertise:

- Building and related Facility Design
- Civil/Structural
- Electrical
- Mechanical/HVAC
- Plumbing
- Fire Protection
- Elevators
- Roofs/Building Envelope
- Utilities/Drainage/Infrastructure
- Energy/Leed Certification/Building Automation
- Communication/Information Systems
- Code Compliance

To be selected to a Qualified Suppliers List, the prime consultant must be authorized by the State of New York to practice architecture and or engineering as appropriate.

Each proposal shall include a description of at least ten (10) of the firm's most relevant projects in chronological order, most recent first. The emphasis should be on relevant prior experience and accomplishments recognized for design excellence and supported by reference recommendations.

ADDENDUM # 1
RFB # RFP-RC-2024-010

**Architectural, Engineering and Consulting Design Services for Construction Related
Projects – Qualified Suppliers List**

The information in this addendum supersedes any contradictory information set forth in the contract documents. Acknowledge receipt of this addendum in the space provided on the signature page of the bid proposal. Failure to do so, may subject the bidder to disqualification. This addendum forms a part of the contract documents.

Question 1

Can you provide a list of facilities and types of projects that may come out to the successful qualified suppliers from AGENCY D – Rockland County Facilities Management.

Response 1

See page 12 of the Request for Proposal.

Question 2

Since this is a qualifications list, with no specific scope to ascertain what other disciplines we may need, does the response require that we assemble entire A/E teams? Or can we respond for say, Architecture only?

Response 2

Companies are not required to assemble teams; they may bid in their area of expertise.

Question 3

The RFP says “The County encourages submission of Proposals by certified Minority- and/or Women-Owned Business Enterprises (MWBE) and/or Disadvantaged Business Enterprises (DBE).” Are there specific percentage goals?

Response 3

There are no specific percentage goals.

ADDENDUM # 2
RFB #: RFP-RC-2024-010

**Architectural, Engineering and Consulting Design Services for Construction Related
Projects – Qualified Suppliers List**

The information in this addendum supersedes any contradictory information set forth in the contract documents. Acknowledge receipt of this addendum in the space provided on the signature page of the bid proposal. Failure to do so, may subject the bidder to disqualification. This addendum forms a part of the contract documents.

NOTICE:

Firms scoring an accumulative score of less than 600 may not be considered for award.

Question 1

The RFP references a possible “pre-bid meeting” but does not give a date and time. Is there a pre-bid meeting?

Response 1

There is no pre-bid meeting.

Question 2

The RFP indicates the services will be for “architecture and engineering” and indicates firms that submit must have expertise inCivil/Structural, Electrical, Mechanical/HVAC, Plumbing, Fire Protection....if an architecture firm is submitting can we include engineering firms we work with as subconsultants as part of our team and provide their qualifications for consideration?

Response 2

Companies are not required to assemble teams; they may bid in their area of expertise.

Question 3

If subconsultants are allowed, do we include at least 10 recent relevant projects for each (prime and sub) and is there a maximum number of projects that can be listed.

Response 3

Proposals must include a minimum of three (3) current projects and two (2) past projects.

Question 4

The RFP references a cost proposal form, but the RFP documents do not seem to include that attachment. Is there a required cost form to be utilized?

Response 4

Cost Proposal is not required. Submit rate sheets as requested on page 16.

Question 5

On page 16 of the RFP there is reference to a RATE SCHEDULE. I do not see a template or example of the format for this document—is there one?

Response 5

There is no template.

Question 6

On page 15 there is a list of required forms to be submitted with the proposal—where can we get these forms?

Response 6

The forms can be accessed in Bonfire.

Question 7

We would like to confirm, should requested changes to the contract be provided in Microsoft word as redlined changes (mentioned on page 6 of the RFP) or should the changes be provided in a PDF format within the technical proposal in Section 6 (mentioned on page 15 of the RFP)?

Response 7

If negotiations are required, contractor must provide all documents in Microsoft WORD format for redline editing.

ADDENDUM # 3
RFB #: RFP-RC-2024-010

**Architectural, Engineering and Consulting Design Services for Construction Related
Projects – Qualified Suppliers List**

The information in this addendum supersedes any contradictory information set forth in the contract documents. Acknowledge receipt of this addendum in the space provided on the signature page of the bid proposal. Failure to do so, may subject the bidder to disqualification. This addendum forms a part of the contract documents.

Question 1

Our company can provide services for all of the Rockland County Agencies listed. Should we be submitting 1 company wide proposal for this RFP that covers all 4 Agencies? Or should we be submitting 4 individual proposals, one for each Agency listed (Sewer District No. 1, Highway Department, Drainage Agency, and Facilities Management)?

Response 1

Only one (1) proposal should be submitted. The proposal will be added to each agency selected.

Question 2

Are an executive summary, detailed response, value-added considerations and cost proposal required? These are noted on page 14 of the pdf, but not in the Requested Information section on pages 17 and 18.

Response 2

An executive summary, detailed response and value-added considerations should be included in the technical proposal. A cost proposal is not required.

ADDENDUM # 4
RFP-RC-2024-010

**Architectural, Engineering and Consulting Design Services for Construction Related
Projects – Qualified Suppliers List**

The information in this addendum supersedes any contradictory information set forth in the contract documents. Acknowledge receipt of this addendum in the space provided on the signature page of the bid proposal. Failure to do so, may subject the bidder to disqualification. This addendum forms a part of the contract documents.

Question 1

Is receipt confirmation form necessary? If yes, is it required to be sent via mail?

Response 1

Yes. The form can be submitted via email.

Question 2

Proposal requirements for each Agency ask for description of atleast 10 relevant projects. Is this to be submitted through Past & Present Performance Information Form, which is asked separately from the Technical Proposal on Bonfire Portal?

Response 2

See below revised proposal response format.

PROPOSAL RESPONSE FORMAT

All proposals must include:

- Section I: Executive Summary
- Section II: Detailed Response
- Section III: Value-Added Considerations
- Section IV: Protected Information (if any)
- Section V: Exceptions to the RFP or Terms and Conditions
- Section VI: Past and Present Performance – Experience statement
- Required Forms: Uploaded Separately on BonFire.
- Hourly Rate Sheet (Upload as separate attachment)

Question 3

Is there a specific format that the technical proposal should be in? Since this RFP is not for a specific scope, what information should be included in the technical proposal?

Response 3

See Response 2

ADDENDUM # 5
RFP-RC-2024-010

**Architectural, Engineering and Consulting Design Services for Construction Related
Projects – Qualified Suppliers List**

The information in this addendum supersedes any contradictory information set forth in the contract documents. Acknowledge receipt of this addendum in the space provided on the signature page of the bid proposal. Failure to do so, may subject the bidder to disqualification. This addendum forms a part of the contract documents.

Question 1

Do we need to use the “Past & Present Performance Information Form” for each of the 10 projects per agency?

Response 1

Yes. The requirement is listed in the Proposal Requirements and Company Qualifications for each agency.

Question 2

Detailed Response (pg. 14 under Proposal Response Format) asks for a “a specific point-by-point response, in the order listed, to each requirement in the RFP. Where is this information located?”

Response 2

This information is located in the Proposal Requirements and Company Qualifications for each agency. A detailed response of the Organizations ability to meet the requirements of each agency should be provided.

Question 3

Section 18 – Liquidated Damages

This section references “Schedule E” which was not included with the RFP documents. Will Rockland County consider removing this provision? The clause appears to be for construction contractors, not AE firms.

Response 3

There is no reference to Liquidated Damages in the Request for Proposal.

Question 4

We didn't see any specific request for Section IV: Protected Information in the RFP; can you confirm whether or not financial statements, or any other information, should be included in this section?

Response 4

There is no specific request for protected information. If you are however submitting any information that you deem to be protected information, then it should be submitted in this section only in a redacted version.

Question 5

In Addendum 2, Response 2, it states that "proposals must include a minimum of 3 current projects and 2 past projects," does that mean that the 10 projects are no longer needed for this submission? in which case do we use the 10 or 5 projects.

Response 5

Each proposal shall include a description of at least ten (10) of the firm's most relevant projects in chronological order, most recent first. The emphasis should be on relevant prior experience and accomplishments recognized for design excellence and supported by reference recommendations.

Question 6

Since we can submit one proposal for all agencies do, we to provide 10 projects per agency or a total of the proposal (all agencies)

Response 6

Yes, as long as they meet the requirements outlined in the RFP.

Question 7

In the case that 10 projects are needed do we submit a past & present form for each project for prime and sub?- Or just primes are required to send this ?

Response 7

Prime only.

Question 8

Would it be possible to obtain an extension for this submission.

Response 8

Unfortunately, we cannot extend the submission deadline.

Question 9

Should relevant projects only be written on the "Past & Present Performance Information form" and should these forms be included within the technical proposal?

Response 9

Yes, along with the experience statement.

Please note the following changes to the project background on pages 4-5, paragraphs 3&4 of the Request for Proposal.

The Qualified Suppliers List will be used for assigning work valued up to \$75,000 or less, quoting work valued over \$75,000-\$150,000 (a minimum of three written proposals shall be obtained by the using agency from firms on the QSL, and for quoting work valued over \$150,000 - \$250,000 (proposals obtained by the Purchasing Division by contracting all firms on the corresponding QSL for that agency). For projects in excess of \$250,000, a separate project specific Request for Proposal shall be issued.

The County will enter into separate contracts for each project. Change orders to the original contract amounts will be limited based on the original value of the contract. A contract assigned to a firm on the Qualified Suppliers list, with an original value of \$75,000 or less, will not be permitted to exceed the \$75,000 limit. A contract awarded based on quotes received from the user agency with an original contract over \$75,000-\$150,000, will not be permitted to exceed \$150,000. A contract awarded based on quotes received by the Purchasing Division, with an original contract value over \$150,000.00 to \$250,000 will not be permitted to exceed \$250,000.
