SPECIFICATIONS

1. SCOPE

- 1.1. The awarded contractor shall provide all labor, material (excluding paint), equipment and supervision to perform painting and related painting work as needed at various County of Rockland buildings as per these specifications.

2. REQUIREMENTS

- 2.1. The areas to be painted may include drywall, masonry, metal or wood door, window and borrow light frames, metal bathroom stalls and heating/cooling radiator convection units. Associated substrate repair work where needed (taping, spackling and sanding to permit application of paint) is also to be included. Contractors are to provide all unit pricing, excluding paint, as listed on proposal pages.
- 2.2. Prices to include all labor and materials (excluding paint) required. Prices for item # 11 and # 12 will be used only for calculating charges for work not specified. All paint work pricing (items # 1 through # 10) is to include the cost of minor surface preparation and repair, such as nail holes, fastener holes, minor gouging, nicks, tears, feathering, light rust removal, etc.
- 2.3. Compensation to the Contractor shall be based on the Bid Unit Prices for the net work area. For example, door and window areas shall be subtracted from gross wall areas when computing the wall area work total.

3. GENERAL REQUIREMENTS

- 3.1. Owner shall provide all paint necessary for the Contractor's work. Contractor shall be responsible for providing all labor, equipment, materials and supervision required to complete this work.
- 3.2. All wall repair work shall include spackling and taping where required. Spackling material to be used shall be U.S. Gypsum or approved equal. Where required, Contractor shall provide three coats of spackle, sanded and polished and ready for paint.
- 3.3. All work shall be performed in accordance with good trade practice by individuals possessing the necessary skills and abilities required.
- 3.4. All work areas shall be properly masked, covered, or otherwise protected against splatter, spillage, etc. This is to include the removal or masking of electrical switch and receptacle plates and similar items. Contractor shall be responsible for the relocation and reinstallation of moveable equipment such as desks, furniture, file cabinets and other similar equipment within the work area, as needed to perform his work.
- 3.5. All contractors shall be responsible for visiting the jobsite to familiarize themselves with all field dimensions and conditions prior to start of each job.
- 3.6. Contractor shall keep all work areas as free as possible from clutter and debris while the work is in progress. All work areas shall be picked up after each day's work and shall be cleaned to original condition upon job completion. Refuse is to be disposed of by Contractor into Owner's container.
