**TITLE: Subbase Stone, Crushed Stone For Channel
 and Bank Protection**

BID NUMBER: RFB-RC-2019-004

SPECIFICATIONS

1. SCOPE

- 1.1. The scope of this bid is to provide sub-base material, crushed stone and stone for bank and channel protection for the County of Rockland Highway Department and other various County of Rockland Departments as needed.

2. MATERIAL REQUIREMENTS

- 2.1. **GENERAL:** All references shall be understood to be references to the “Standard Specifications Construction and Materials” New York State Department of Transportation, May 1, 2008.
- 2.2. **SUBBASE MATERIAL:** Sub-base material shall conform to the requirements of Section 304 “Sub-base Course”.
- 2.3. **CRUSHED STONE:** Crushed Stone shall conform to the requirements of Section 703-02 “Course Aggregate”.
- 2.4. **STONE FOR BANK AND CHANNEL PROTECTION:** Stone for Bank and Channel Protection shall conform to the requirements of Section 620 “Bank and Channel Protection”.

3. DELIVERY

- 3.1. **SECTION I & III- DELIVERED:** The price bid for delivered material shall include the cost of delivery to either the County Highway Department, New City, NY, the Highway Department Depot, Stony Point, NY, or the Rockland County Sewer District # 1, Orangeburg, NY. Total Expenditures for delivered material under the existing contract commencing on February 10, 2017 to date is \$61,790.51.
- 3.2. **SECTION II & IV - PICKED UP:** The basis of award for materials picked up at manufacturers plant is as follows: The County of Rockland has determined that it cost us \$2.50 per mile to haul sub-base materials. To determine the low bidder, we will multiply \$2.50 by the distance in miles, round trip, from a central location (Route 45 and New Hempstead Road). That amount will then be divided by 10 (which we consider to be an average load) to establish a cost per ton. This amount (cost per ton) will be added to the bid amount (cost per ton) to determine the low bidder. Total expenditures for picked up material under the existing contract commencing on February 10, 2017 to date is \$47,279.90.
- 3.3. **EXAMPLE:**
- 3.3.1. Vendor bids \$9.40 per ton for item no. 6 and is located 12 miles round trip from Route 45 and New Hempstead Road. $12 \times \$2.50 = 30/10 = \3.00 , $\$3.00 + \$9.40 = \$12.40$ a ton for item no. 6.

4. METHOD OF MEASUREMENT

- 4.1. All material specified will be measured for payment by the ton.
